Attached is the draft of the Memorandum to the President regarding the (b) (5) National Monument.

It remains in draft format largely due to information we still need from NOAA. I have spoken with David about the Memorandum and left a copy with him.

(b) (5) ACP

My thought going forward is to identify the specific issues/questions we have of NOAA and send them to Commerce for resolution. Once we have their responses we will be in a position to assess how best to move forward on this Monument.

Rick
