Regarding the request below, I am advised that the [regs.gov](https://www.regulations.gov) system is not currently designed to allow users, including agencies, to download all of the comments at once in the case of large volumes of comments. If so, its not clear why this request was sent to us rather than your responding to the inquiry,

Hello,

My name is Noah Schlager, I am a graduate student at Yale University. I am interested in the comments from the "Review of Certain National Monuments Established Since 1996" (DOI-2017-0002-0001). I'm reaching out to ask if their is a way to download all the comments simultaneously, or within a single spreadsheet.

Thank You,

Noah Schlager
