I'm glad you are the one working on the contract. As you likely saw from the earlier email strings, there was some confusion when it was being handled by others.

The more I learn about this system the more impressed I am. It should turn review of the public comments from a madhouse into a smooth process.

We also looked at the system NPS uses, but it was far too labor-intensive, and due to retirements and other issues NPS had no one who could support us had we chosen it. FWS is making Marcia Cash available full-time to the review process, and she is expert on this.

I was surprised and said to myself "Well, how about that, so this is what Randal got himself into." Nice to keep working with you. ☺

The RFQ I am sending out will ask for a monthly price for the licenses vs. just 3 months. That way the quote will be valid for what every time you decide you need

Hi,

I noticed that the Period of Performance was for four months, but the license is only for 3 months on his proposal. The comment period ends on 7/10/17. How much time do you think Dr. Shulman needs, after the comment period ends to analyze the comments?

Jennifer

Hi Jennifer

I just got off the phone with Dr. Shulman. The software licenses with FWS are not transferable to the Secretary's office. The are tied to FWS exclusively and also to specific individuals. This is not unusual, other subscription services do the same thing.

Dr. Shulman had quoted 20 software licenses for the Secretary's Office. The good

news is these licenses are available on a monthly basis for approx. \$100 each per month. I will need a separate PR for the software licenses because may will need to put the licenses on a separate task order.

Call me if you have any questions.
