DRAFT Guidance on Response to contacts on Monument Review DRAFT

1. All messages from Members of Congress routed to Micah/Amanda for form/individualized response. Draft form response attachment 1

2. All messages from Governors. Other State and local officials routed to Tim Williams for form/individualized response. Draft form response attachment 2

3. Emails and letters received by senior staff should be forwarded to Randy Bowman (Randal.Bowman@ios.doi.gov) for inclusion in public comments. Draft form response attachment 3.

NOTE: to avoid mass email campaigns directed at staff, please do NOT copy any other DOI staff in email responses to incoming messages. Rather, if others need to see the incoming, forward it to them. Even groups considered friendly may circulate your response to their membership, and that membership may contain individuals who joined for opposition research purposes.

4. Mail on the monument review received by bureaus should be forwarded to the public comment address: Monument Review, MS-1530, U.S. Department of the Interior, 1849 C Street NW, Washington, DC 20240. Mail to bureaus does not need a reply.
