Marcia is doing a download this afternoon to you. I told everyone it would be late tomorrow or Wednesday am before the new comments were ready for coding; over 100,000 in this batch.

I also sent you a 3rd new coder via forwarding of the initial message on the two. Tanya sent the first two before hearing back from everyone in her office.

Perfect. It looks like the current batch is already coded. I think there will be more comments in the days ahead.

Two colleagues from OIA: Francisco Taitano and Weihao Feng (Jennifer) are willing to help code.

I can walk them through the details once you get them set up. I will also let them know that coding will likely start up again Wednesday or Thursday.

Thanks,

Tanya
