Randy,

Would you like to schedule a morning or lunch call to talk this through?

Stu

I am working on some alternatives to circulate later this afternoon in advance of tomorrow's meeting, hoping to stimulate discussion, and thought I should check on whether one of them is practical, both in terms of can the system handle this many codes and whether either/both of you have any previous experience with coders trying to use this many, and if so, how did it go?.

Alternative A

If comment is generally opposed to the review, or opposed to changes at multiple individual monuments, and is expression of opinion – 1

If comment is generally supportive of the review, or supportive of changes at multiple individual monuments, and is expression of opinion – 2

If comment is legal comment or analysis – 3

If comment is from State, Tribal or local government – 4

If comment is specific to one or two individual monuments and has specific information on -

public access or recreational use – hunting, fishing, hiking, ORV/ motorcycle, bicycle use, effects on the uses of adjoining Federal lands or on the use of non-Federal lands within or beyond monument boundaries – 5; cultural, particularly Tribal, or historic sites not currently included in a monument or not adequately protected by Proclamation or regulations – 6; grazing – 7; energy or minerals – 8; whether monument exceeds "the smallest area compatible with the proper care and management of the objects to be protected" – 9; whether protected resources in monument are appropriately classified as "historic landmarks, historic and prehistoric structures, [or] other objects of historic or scientific interest – 10; information on public input on establishment of the Monument - 11
