Nikki,
First thanks for the shout out yesterday... everyone has worked hard and could not have done the whole project with the limited time provided without everyone pitching in. So thanks to you all   Nikki, Sally, Mara, Rachel, Clayton and Cindy!

Here is today's update for National Monument Review and status on final documents.

Two more monuments have been vetted and approved through Leadership! Three to go:

Gold Butte
Mojave Trails
Rio Grande del Norte

Both Craters of the Moon & Grand Canyon Parashant have been reviewed and approved by BLM/NPS leadership and forward to the DOI.

All three shared monuments with the USFS: Bears Ears, Berryessa Snow Mountain, and Sand to Snow have been submitted to the USFS for their additional comments. USFS has completed review of Bears Ears and included their documents in google drive.

All 18 National Monuments either managed or co managed by the BLM have been submitted for leadership review (6/7/2016).

National Monuments receiving leadership approval and copies sent to DOI. (These final documents have been updated in the google docs folder using the same nomenclature).
