Thanks. I put the AFRC comments into the general comment collection some time ago, and so will need to rely on Downey emailing it, and I was not aware of Cathy's meeting until the briefing this morning. I will see both of them later today and remind them to send that to either you or me.

Hi Randy – good to meet you in person today! Just a quick follow-up - please send any specific, substantive comments that DOI has received as part of the monument review to USDA/FS for our review. That would help immensely since, as you noticed, USDA/FS is not receiving copies of any submitted comments to DOI or really any comments separately since it's a DOI led review. We have Mr. Cook's letter and Tulare County Commissioner letter (thank you!), but do not have AFRC's letter or comments from the energy company that Kathy Benedetto met with re: special clays quarries on the Angeles.

Appreciate your help Randy. Keep us in the loop on timeframes and anything else you need. We will answer Downey's particular questions on the San Gabriel later on today or early tomorrow.
