We (WO) are frequently given the opportunity to comment on proposed legislation. Hopefully this will come by our desks too. Vince, Mike, and I are already coordinating on what we will say if we are given the opportunity to comment. The rest of WO 240 will have many comments also.

Go ahead and read this and let me know your thoughts. If we are asked to comment, we will be limited to the potential effects to our subject area, which is paleontological resources.

S
