Here is the DOD response - in summary, they are not proposing any changes or raising any concerns, but if changes are being consider for any of the monuments on the attached list, they would like to discuss with us to see if they could get a better deal then they got in the original proclamation regarding ensuring the monument does not interfere with their activities.

I will discuss with their rep Monday at 3 to see if there is anything they didn't want to put in writing.

Hi,

Here is the DoD response. We should discuss, but it only has to be brief.
