- EO directs our review of all monuments designated or expanded under the AA since 1996 where designation covers 100,000+ acres or sufficient input locally wasn't part of the process.
- 68 Monuments designated or expanded since 1996 of which 54 were made under the Antiquities Act (others were done by Congress).
- 24 Monuments designated or expanded since 1996 are more than 100,000 acres. This doesn't include marine monuments.
