Not at the moment - I am searching the new download as per yesterday's emails and so far everything is going well. Many of these don't have a lot of comments yet - Craters of the Moon 480 total, for example. and for some of those with more its 99% form letters.

When I come up for air will send a note to Stu following up on one yesterday asking that you be given manager access for us - was one of several items in one message - both so you can help me with routine questions and in case I'm not available for some reason; right now I am a potential choke point.
