

**DECISION RECORD
and
FINDING OF NO SIGNIFICANT IMPACT**

- I. Decision:
It is my decision to authorize the existing corral and cabins (2) presently located on James Noyakuk's reindeer grazing allotment, F-019442, until January 1, 2008.
- II. Rationale for the Decision:
The corral and cabins are necessary for grazing under James Noyakuk's reindeer grazing permit.
- III. Finding of No Significant Impact (FONSI):
The proposed action is consistent with existing national environmental policies and objectives as set forth in Section 101 (a) of the National Environmental Policy Act of 1969 (NEPA). Further and based on the analysis of potential environmental impacts contained in the attached environmental assessment, it is my determination that the proposed action does not constitute a major Federal action significantly affecting the quality of the human environment and that an environmental impact statement is not required.
- III. ANILCA Section 810 Compliance:
The proposed action will not significantly restrict Federal subsistence uses, decrease the abundance of federal subsistence resources, alter the distribution of federal subsistence resources, or limit qualified Federal subsistence user access. No further analysis is necessary.
- V. Adverse Energy Impact Compliance:
This action has been analyzed as required by Washington Office Instruction Memorandum 2002-053 to determine if it will cause an adverse impact on energy development. The action will not have an adverse direct or indirect impact on energy development, production or distribution. The preparation of a Statement of Adverse Energy Impact is not required.
