Dec 9, 1999

Dear Ms. Olson,

Please find enclosed a copy of the Limited Waste Removal Action Report, Red Devil Mine, 1999, and the Preliminary Assessment Data Requirements for Federal Docket Sites - Site Investigation, Red Devil Mine.

We request an expedited review and response to be able to complete further site characterization and cleanup activities next summer. Our preparatory activities prior to field work will include completion of an Engineering Evaluation/Cost Analysis (EE/CA), development of draft and final work plans with regulatory input, completion of required community relation activities, comment periods, and contractual/administrative documents.

Please call me with any questions, (907) 267-1442.

Sincerely,

Michael Alcorn
Environmental Protection Specialist
