

IDITAROD NATIONAL HISTORIC TRAIL

The Passport To Your National Parks was created to help visitors explore their National Parks, and has become a popular way for people to document their travels. More information, including purchasing a Passport or retail opportunities, can be found from Eastern National Parks Association, www.eparks.com.

**Thank You
For Your
Support!!!**

Passport Program

Welcome! The Bureau of Land Management (BLM) is pleased to invite your facility to participate in the Passport To Your National Parks Program. The Passport Program gives visitors a popular way to connect with the Iditarod National Historic Trail.

The historical sites, museums and visitor centers participating in this program are listed on the back. We are initiating this trail program in phases. Eventually, it will be expanded to include additional historic sites, visitor centers, museums, and private, state, municipal, and federally managed sites.

Enclosed are your cancellation stamp, iconic logo stamp, ink pad, a supply of this handout for staff, and a publicity card. Please place the stamp and stamp pad at your visitor contact station, or where your stamps currently reside if you already have other stamps.

Here are some basic steps to help visitors.

When the stamp is requested:

1. Walk visitor over to the stamp and stamp pad station.
2. Verify date on stamp.
3. Have sample paper squares available so visitors can practice stamping.
4. Allow the visitor to stamp his or her book.
5. Visitors who forgot their book (or are new to the program!) will want to stamp a piece of paper.
6. Thank them!

Note: There are blank pages at the back of the Passport book for National Trails.

This stamp can accommodate dates through 2024. Please contact the Trail Administrator with any questions, see contact information on the back.
