

Yes, I want to join the Friends of the
Campbell Creek Science Center
and make a difference!

Name: _____

Organization
(if applicable): _____

Address: _____

City: _____

State: _____ Zip: _____

Phone: (____) _____

Email: _____

Individual/Nonprofit Membership Levels

- Bunchberry \$25 - \$50
- Salmonberry \$51 - \$250
- Bearberry \$251 - \$500
- Crowberry \$501 - \$1500
- Watermelon Berry \$1501 +
- Contribution Less Than \$25

Foundations/Corporation Membership

- Willow \$500
- Mountain Ash \$1,000
- Aspen \$2,500
- Birch \$5,000
- Spruce \$10,000
- Cottonwood \$30,000

In Honor Of...

- I would like to make an additional contribution in honor of _____ for \$ _____.

Total Enclosed: \$ _____

Please mail your tax-deductible donation to:

Become a Friend of the Campbell Creek Science Center

Join us in supporting the Bureau of Land Management in its efforts to deliver high quality outdoor science programs for people of all ages. Help us protect the trails and wild ecosystems of the Campbell Tract, which serves as one of Anchorage's premier recreational areas and outdoor classrooms.

Friends of the
CAMPBELL CREEK SCIENCE CENTER

Anchorage, Alaska

Support trail maintenance!

What do the Friends of the Campbell Creek Science Center do?

Friends are people who enjoy the Campbell Tract and its trails and work to protect its value as a wild place. The 730-acre Campbell Tract provides important habitat for local wildlife, such as salmon, moose, brown and black bear, lynx, coyote, beaver, and a variety of songbirds. The Tract also offers premier recreational opportunities and serves as an outdoor classroom where 40,000 annual visitors to the science center explore, study, and learn to care for the natural world.

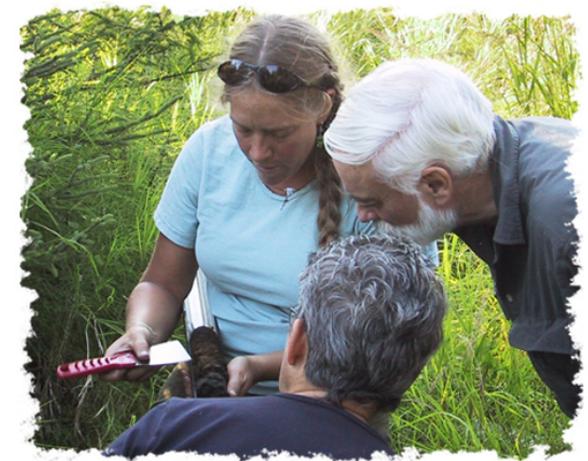

Support hands-on science education!

Friends support programs that engage students of all ages in experiential learning. We believe that direct experience of natural ecosystems inspires curiosity, awe, and wonder in the natural world. Such appreciation and understanding is critical for the development of a stewardship ethic towards public lands, wildlife, and all wild places.

Friends volunteer at the Science Center and on the Campbell Tract assisting with education programs, conducting ecosystem monitoring surveys, maintaining recreational trails, and working on habitat restoration projects.

Friends' financial contributions support:

- Scholarships for economically disadvantaged students to attend programs at the Science Center.
- Equipment and materials that enhance science education programs.
- Adult workshops, special events, evening lectures and family-friendly field trips.
- Habitat restoration projects.
- Long-term financial sustainability.

Support adult and family programs!

We invite you to join us in our efforts to support the programs of the Campbell Creek Science Center and to protect the trails and wild spaces of the Campbell Tract. Please consider becoming a member and making a tax deductible donation.

Friends of the Campbell Creek Science Center is a 501(c)(3) organization. **Thank you from the Friends' Board of Directors:**

- Lois Bettini, Pratt Museum
- Jack Griffin, ConocoPhillips Alaska, Inc.
- John Lewis, ASRC Energy Services
