AT THE CAMPBELL CREEK SCIENCE CENTER

An Introduction to Exploring the Outdoors with Your Infant and Toddler

Children need nature! (And adults do too.) From the earliest ages, nature exploration and outdoor play are critical for children's healthy development.

Spend time with us playing outside and exploring the wonders of the natural world with your infant or toddler and their siblings. Establish an outdoor activity network with other parents. Learn more about outdoor gear and leave with useful handouts!

We all begin together on our gentle adventures exploring areas around the Science Center. Bathrooms and changing stations available. Flexible ending time allows families to stay for the full two hours or leave when the enthusiasm wanes.

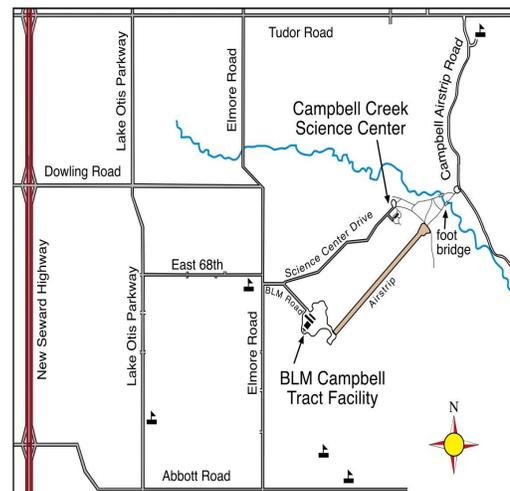

Cost: Free

When: Summer Kickoff: **Saturday, June 4, 2-4pm**
(after National Trails Day events)
Programs continue **on Fridays from 10am-12pm:**
June 10, June 17, June 24, July 8, and July 15

Themes: Woodland Wanderers; Little Critter Crawlabout; Creekside Exploration; Two-Foot-Tall Forest; and Rocks, Water and Dirt. Each day's specific theme will depend on weather conditions.

Bring: Water, snacks, and outdoor clothes for all weather.

Call 267-1241 for more information.
Pre-registration is always appreciated.

Made possible through a grant from the BLM's Youth in the Great Outdoors Initiative.
