The location shown for many ANCSA Sec. 17(b) easements is approximate because of the map scale and because most easements are not surveyed. ANCSA Sec. 17(b) easements are reserved under the Alaska Native Claims Settlement Act.

This map generally shows the surface estate of land owned by the United States, State of Alaska and Native Corporations. This map does not show ownership of most lands smaller than 640 acres in size. Refer to BLM's Master Title Plats, Survey Plats, Alaska Automated Land Information System, and case files for complete land status information. Refer to the State of Alaska land records for current land status of lands conveyed to the State of Alaska.

The information depicted on this map should be used for graphic display only. No warranty is made by BLM as to the accuracy, reliability or completeness of the data.
