DESCRIPTION:

This Special Recreation Permit site is located within the Gila Box Riparian National Conservation Area. The Gila River corridor, from the boat put in at the Old Safford Bridge to the boat take out at Dry Canyon, is comprised of patchy mesquite woodlands, mature cottonwood trees, sandy beaches, and grand buff colored cliffs. Inflatable kayak, canoe, and rafting enthusiasts take advantage of the variable water flow levels and enjoy an easy to moderate floating and camping adventure in the canyon. The twenty three mile float takes one through a spectacular canyon with 500-foot sheer cliff walls and dramatic geologic features. Facilities at the Old Safford Bridge boat put in and the Dry Canyon take out include restrooms, picnic tables, trash cans, a self service pay station (put in), grills, and informational kiosks.
