## AREA DESCRIPTION:

**Burro Creek Recreation Site** offers 23 campsites for tent or recreational vehicle use (including one universally-accessible campsite), with picnic tables and campfire grills. Also provided are 2 accessible restroom facilities with water, flush toilets, and environmental education bulletin boards. The Group Campsite consists of a large shade ramada, accessible tables, pedestal and campfire grills, water and garbage cans. There is a recreational vehicle dump station, a self-service fee station, water and garbage cans located within the recreation site. The day-use area offers 5 picnic sites, each with a shade ramada, table and pedestal grill. The Watchable Wildlife Exhibit and Desert Garden provide information to visitors on the native flora and fauna of the area.

**Wild Cow Springs Recreation Site** offers 17 individual camping/picnicking sites (including one universally-accessible campsite), a group site, and a short hiking trail. Each site is provided with a picnic table and campfire grill. The group campsite consists of tables, pedestal and campfire grills and garbage cans. Three restroom facilities are centrally located in the campground, with nearby environmental education bulletin boards. Garbage cans are centrally located within the recreation site. A self-service fee station is located at the entrance to the recreation site.

**Windy Point Recreation Site** offers 7 campsites, each containing picnic tables and campfire grills. A restroom facility and trash cans are centrally-located within the site. A self-service fee station is located within the recreation site. Cherum Peak Trail, a 2.5 mile trail, and Packsaddle Recreation Site, a no fee site, are located within two miles of Windy Point Recreation Site.

**SPECIFIC ACCOMPLISHMENTS IN FY11:**

**Visitor Services, Interpretation:**

Using recreation fee revenues, the Kingman Field Office funded:

- Campground hosts, their uniforms and if appropriate, non-monetary awards;
- Administrative staff labor for interpretation and environmental education materials, such as brochures; and
- Maintenance of the Utility Terrain Vehicle (UTV) used by the campground host within their duties of public contact and fee collection.

**Repair, Maintenance, and Facility Enhancement:**

Fee revenues were utilized for the repair and maintenance of the recreation sites:

- Cleaning supplies;
- Operation and maintenance of the water system;
- Contractor costs for trash collection and restroom vault toilet pumping;
- Propane tank rental costs for the operation of the Burro Creek Recreation Site water system; and
- Staff labor for building and non-building facilities.

**Fee Agreements and Reservation Services:**

Recreation fee revenues were utilized for administrative staff labor for the collection, recording and processing of group reservations at Burro Creek Recreation Site.

**PROJECTS/ACTIVITIES PLANNED FOR NEXT FY12:**

- Maintain existing developed recreation facilities in the recreation sites in a safe, clean and operable condition;
- Maintain and enhance the campground host program;
- Maintain and improve existing environmental education and interpretive information services; and
- Upgrading the cattleguard and perimeter fence to keep the cattle out of the Burro Creek Recreation Site.
