Dear BLM committee,

I want to thank you for your support of the amended route for the Sun Valley – Morgan electric transmission line. My wife and I cannot attend the public hearing on December 10, but if we could be, we would be dressed in red from head to toe and very vocal about our support of the line running along Route 74 and not through our subdivision of Trilogy at Vistancia in Peoria.

Please consider the attached letter a vote of support for the amended route and your work in supporting this new plan.

[REDACTED]

SUBJECT: PROPOSED SUN VALLEY TO MORGAN 500 TRANSMISSION LINE

Dear Kathleen,

I want to take this opportunity to thank you and the BLM for taking the time to work through the issue of relocating the proposed route of this line away from Trilogy at Vistancia in Peoria and along the Route 74.

My wife and I are in total support of the proposed amendment and wish we could be at the public hearing to voice our support for the amended route. We have just moved into our retirement home and the thought of a power line running through our subdivision is incomprehensible.

Please continue your support for the amended route until this issue is finally resolved.

Very truly yours,
