TO The BLM Management Board

December 11, 2012

I am a resident at Trilogy in Vistancia. I am writing to support No Power Lines in Trilogy or Vistancia. One of the reasons for buying in Trilogy after considering many locations in FL and AZ was the beauty of the landscape and development---with the exception of the unsightly power lines and Grid adjacent to the development---humongous and a visual blight on our landscape.

I support the preferred alignment of APS and the Arizona Corporation Commission, to move the power lines out of our community and onto public lands (Bureau of Land Management) (State Route 74) as chosen by BLM(the Certificated Route)---also supported by The City of Peoria, Maricopa County and the State Land Department.

I am grateful for your consideration of the desired proposal.
