COMMENTS:

APS already has an existing route from the Sun Valley Substation to the Morgan Substation. I do not see the need for an additional route which will destroy the view along St. Rt 74 approaching Lake Pleasant. I can't help but wonder if the real reason for this project is to provide power for the so-called "Inland Port" that Santa Fe railroad is planning for Grand Ave & Dove Valley Rd. I sincerely hope that the BLM denies APS this proposed route.
