Thank you for your comments concerning the proposed Sun Valley to Morgan Transmission Line. The comments will be included in BLM's administrative record for the project and considered in preparing the Final Environmental Impact Statement.

Joe,

What would your stock holders think about you spending their investment on running the power line across #74 for several miles and then back across the road to satisfy a developer ? I certainly would not be happy spending the extra money ! You should do what is right and keep the line on the South side of the road.
