NO UGLY TOWERS WITTMANN

Dear Friends and Neighbors:

We have created an **online petition** for you to view and sign in order to extend the comment period and hold an additional open meeting with BLM. As you know, the route for the APS Towers keeps changing and we are asking the BLM to give us more time to allow us to find out the facts.

Please review and if you can share this by e-mail, facebook, tweet, etc. to get our maximum impact.

Also, if you're willing to volunteer to walk a **written petition** around your neighborhood, please contact [REDACTED] and they will e-mail you a copy of the written petition that you can carry door to door. Any help is greatly appreciated.
