Dear Joe Incardine (Bureau of Land Management),

I just signed [REDACTED] petition "[BLM: Hold a new Public Hearing and Extended Comment Period.](#)" on Change.org.

Hold a new Public Hearing and Extended Comment Period. Due to inadequate notification for the public hearing of the Proposed APS Sun Valley to Morgan 500/230KV Transmission Line Project of December 12, 2012, at Nadaburg School and newly discovered information since that meeting, the residents of the area that will be impacted by this project find it absolutely necessary another public meeting be held. Our concerns that have not been addressed are as follows: 1. Improper notification of Wittmann, Circle City and Morristown residents 2. Continued refusal to provide Freedom of Information requests 3. Long range effects of Health and Safety 4. Decrease of property values throughout the areas 5. Unnecessary disruption of Endangered Species 6. Conservation of pristine BLM land We, the undersigned, find it absolutely necessary that another public hearing be held with an extended comment period due to these concerns.

Sincerely,

[REDACTED]
