Dear Mr. Incardine,

Dear Joe,

I think it is unfair that Don Diamond holds so much power and gets so much welfare off the backs of Arizona taxpayers. First he uses underhanded tactics to get his hands on public lands, then he complains when power lines are cited nearby. Well, tough luck, Don, maybe you should have looked this horse in the mouth before you stole it.

Anyway, please oppose the citing of the Sun Valley to Morgan power line on public lands. The BLM has already determined that power lines would be inappropriate in that area.

Thanks,

[REDACTED]

Sincerely,
