Subject: APS Routing of Power Lines

Attn: Joe Incardine

As a medium length (2 1/2 years) Trilogy resident, I totally support moving the lines to the BLM lands along the north side of SR 74. Although needed, the power lines are a blight against the beauty of the mountains. The current and future Trilogy residents would like an unimpeded view. It is bad enough we have to drive through the magnetic fields under the power lines crossing Vistancia Blvd. Please consider our request to keep the lines out of sight along the new proposed route. Thank you.

Yours truly,
