

Arizona Solar Regional Mitigation Strategy Next Steps

Presented by:
Lane Cowger, BLM AZ State Office
Arizona SRMS Workshop 2
Phoenix, AZ
November 12-13, 2014

AZ SRMS Process - Updated

Where are we going next?

Finalize Identification of Impacts That Warrant Mitigation

- Based on additional internal review and stakeholder comments

Revise Mitigation Goals, Objectives, and Actions

- Stakeholders provide comments
- BLM and Argonne will review stakeholder comments and incorporate appropriate changes
- BLM and Argonne will evaluate recommended candidate sites and identify potential mitigation actions

And, then where do we go?

Mitigation Funding

- Establish methodology for calculating mitigation fees
- Evaluate possible funding mechanisms

Long-term Monitoring and Adaptive Management

- Identify requirements and strategies

Future Stakeholder Engagement Opportunities

Tentative Schedule

- Stakeholder comments due Dec. 15, 2014
 - Unavoidable impacts that warrant regional mitigation
 - Regional mitigation goals and objectives
 - Candidate mitigation sites and actions
- January 2015 webinar
 - Mitigation Funding
 - Long-term Monitoring and Adaptive Management
- April 2014 meeting/webinar
 - Draft Mitigation Strategy Document consider Regional Mitigation Goals, Locations, and Actions
