BLM Office: Kingman Field Office

Lease/Serial/Case File No.: _____

A. Background

Emmett Sturgill, transferee, has an agreement to lease the base properties from owner Kelli Roberts. These base properties provide control of Middle Water allotment within the BLM Kingman Field Office for grazing purposes.

Proposed Action Title/Type: Allotment transfer between the owner, Kelli Roberts, and the lessee, Emmett Sturgill.

Location of Proposed Action: T26N., R15W

Description of Proposed Action: The BLM-KFO will authorize the Middle Water allotment grazing transfer. This transfer of grazing privileges will be with the same terms and conditions found within the current permit.

B. Land Use Plan Conformance

Land Use Plan Name: Kingman Resource Management Plan/EIS

Date Approved/Amended: March 1995

The proposed action is in conformance with the applicable LUP because it is specifically provided for in the following LUP decision(s):

GM01 Management of rangeland resources will be guided by the Cerbat/Black Mountains (1978) and Hualapai Aquarius (1981) grazing environmental impact statements and range program summaries (RMP, page 24). The objectives for the rangeland management program are listed in the Cerbat/Black Mountains (1978) and Hualapai Aquarius (1981) grazing environmental impact statements (RMP, Page 39).

GM-24/II Manage 25 allotments in the Improve (I) category (RPS 1983); In the RMP page 462 24 allotments are listed in the I category.

C. Compliance with NEPA

This Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 11.9, D. Rangeland Management (1) Approval or transfers of grazing preference.

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed (See Attachment 1), and none of the extraordinary circumstances described in 516 DM 2 apply.

I considered the plan conformance and NEPA compliance record and have determined that the proposed project is in conformance with the approved land use plan, and none of the exceptions described in 516 DM 2, Appendix 2 apply, and no further environmental analysis is required.
