

Project Vitals

Proposed Location: San Bernardino County, 10 miles north of Baker

Electricity Production Capacity: Up to 200 MW on BLM-administered public lands

Company: Aurora Solar, LCC, a subsidiary of Iberdrola Renewables, Inc.

Acreage: Approximately 7,218 acres

Status: Application for a proposed solar photovoltaic facility which lies within a variance area, as identified in the BLM Solar Programmatic Environmental Impact Statement (PEIS) Record of Decision. Pending determination by the California BLM State Director, as to if the processing of the application is warranted or to deny the application.

Public Comment: News release and publication in local newspapers for a public meeting (Pre-NOI) to be held on **Thursday, March 27, 2014**. Comment period is for 30 days. Comments submitted after close of comment period will be considered to the extent practicable.

Electrical Transmission Connection: Unconfirmed proposed generation connection to the Los Angeles Department of Water and Power 287kV Mead-Victorville transmission line.

Public Comments
