Designated routes are suitable for all types of off-highway vehicles, including motorcycles, all-terrain vehicles, and 4x4's.

No off-route travel is allowed in limited use areas.

No use of motor vehicles, motorized equipment, or other form of mechanical transport is allowed in wilderness.

Vehicle camping is allowed within 300 feet of designated routes of travel, except within sensitive areas (such as areas of critical environmental concern, desert wildlife management areas, and critical habitat areas) where the limit is 100 feet from the route.

County roads (open to street legal vehicles only) are often graded dirt roads and are considered "easy"; and open routes are generally considered "moderately difficult."
