

Facilities – Parking

Through a consensus vote, the planning group adopted the following as a recommendation:

BLM will request the civil engineer technician to explore opportunities for a smaller parking lot – approximately six regular spaces and two equestrian spaces. Options will be presented at the next planning meeting.

Facilities – Trash

Through a consensus vote, the planning group adopted the following as a recommendation:

The planning group recommends that the BLM implement a “Pack It In, Pack It Out” policy, but if trash becomes a problem, installing a trash receptacle or other adaptive management will be followed.

Facilities – Vault Toilet

Through a consensus vote, the planning group adopted the following as a recommendation:

The planning group recommends that the BLM install a vault toilet at the Kanaka Valley parking lot.
