

The Kanaka Valley Management Plan has been modified to reflect these changes and provide greater clarification on some issues. The following summary table shows a synthesis of management actions with modifications indicated in bold type.

<b>Resource</b>	<b>Final Management Actions</b>
Habitat Quality*	Manage for air quality, water quality, appropriate hydrology, soil quality, and habitat management for populations of wildlife (including animals and plants). Manage habitat with a “full management toolbox”; implement best management practices.
Vegetation*	Protect special status plants and their habitat; provide interpretation where suitable.
Cultural Resources*	Protect significant cultural resources; provide interpretation where suitable.
Scenic Values*	Classify as BLM visual resource management class II.
Fuels & Fire Program*	Create fuels management plan. <b>Within one year, complete a fuels management plan. Within two years, complete first fuels project along Kanaka Valley Road.</b>
Access, Kanaka Valley Road*	Coordinate with El Dorado County to find solutions to potential congestion, unsafe parking, and other access issues.
Private Property*	Build trails to avoid private property; clearly sign trailhead and parking.
General Recreation*	Prohibit campfires and overnight camping; encourage users to follow Leave No Trace outdoor ethics.
Trail Based Recreation*	Construct trails to provide safe, multiple-use trails for non-motorized recreation; build trails to avoid sensitive resources and private property. Allow hiking, mountain biking, and equestrian use.
<b>Hunting Recreation</b>	<b>Establish “Hunting” and “No Hunting” zones (see map). Hunting will be restricted to deer and turkey during the fall season, deer during the summer archery-only season, quail, and mourning doves in season. Additionally, spring turkey hunting will be allowed through a limited hunting program. Methods of take will be limited to the use of bow and arrows, smoothbore shotguns, air guns, and to muzzleloaders after fire season is declared over. Air guns must be .22 caliber or less and allowed as a method of take for games species by California Department of Fish and Game regulations.</b>
Facilities*	Build a vault toilet and other trailhead facilities.
Facilities: Parking Lot*	Build a small parking lot.
Roads & Motorized Use	Continue to allow motorized vehicle access along Kanaka Valley Road, but do not designate routes for motorized recreation in the planning area.
Shooting Recreation	Prohibit target shooting, plinking, and similar activities.
Minerals & Gold Seeking	Allow only hands and pans for recreational gold seeking. No mineral entry.
Firewood Permits	Issue permits on a case-by-case basis and ensure consistency with intent of acquisition, vision statement, and protection of significant resources.
Land Use Authorizations & Realty	Issue on a case-by-case basis and ensure consistency with intent of acquisition, vision statement, and protection of significant resources. Retain lands; do not dispose.
SRUPs	Issue on a case-by-case basis and ensure consistency with intent of acquisition, vision statement, and protection of significant resources.
ACEC Designation*	Designate as a standalone ACEC called the Kanaka Valley ACEC.
