**October 29, 2008**

**NOTICE**

**Amendment to the Oil & Gas Lease Sale Notice dated October/24/2008.**

The notice announcing the Competitive Oil and Gas Lease Sale to be held on December 10, 2008 was missing the following information notice which applies to parcels CA 12-08-1 thru CA 12-08-7, CA 12-08-9 and CA 12-08-10.

**Information Notice 1**

In addition to the lease terms in the lease, the following information notices will be attached as part of the lease:

**Floodplains Information Notice**

All or portions of this parcel are within Zone A designation, an area within the 100-year flood plain; base flood elevations and flood hazard factors have not been determined.

To prevent contamination of surface waters during flood events, well heads, pumping equipment, and oil well cellars must be kept clean and free of oil at all times.

Should you file an Application for Permit to Drill with the BLM, a flood plan must accompany the application.

If there are any questions regarding this amendment, please contact Laurie Moore at (916) 978-4377.
