

Riverside East SEZ Long-Term Monitoring & Adaptive Mangement Workshop
December 11-12, 2013
Renaissance Hotel, Palm Springs, CA
Workshop Evaluation Questionnaire

We would appreciate your feedback regarding the usefulness of the topics discussed and the format of this workshop, so that we can organize subsequent workshops to produce the most valuable information for you.

How helpful was each session for informing you about the Long-Term Monitoring & Adaptive Mangement Planning Pilot Project: 1 – Not useful; 2 – Okay; 3 – Very useful; N/A – Didn't attend/missed

Topic	Rating			N/A
	1	2	3	
Day 1				
Objectives and Purpose				
The BLM Assessment, Inventory, and Monitoring (AIM) Strategy				
Riverside East SEZ Virtual Tour				
Overview of Potential Impacts of Solar Development in Riverside East SEZ				
Overview of Ecoregional Conditions and Trends				
Proposed Management Questions and LTM Program Development				
Small Workgroup Discussion				
Day 2				
Summary of Day 1 and Small Group Input				
Existing Monitoring and Emerging Technology				
Monitoring Objectives				
Core and Supplemental Indicators				
Small Workgroups to Develop Monitoring Objectives				
Group Synthesis on Monitoring Objectives				

1. Please provide details on your session ratings. If you found that a session was not useful, additional input about your evaluation will be especially helpful.

2. Did the information presented at this workshop provide you with a good understanding of the individual topics presented? We are particularly interested to know your thoughts on the AIM Strategy, Riverside East SEZ solar development impacts, and long-term monitoring and adaptive management monitoring objectives. Where can we be providing you with more information?

3. Please identify the monitoring objectives that you would like to see included in the pilot project.

4. Please comment on the planned schedule, including proposed dates and times, and likelihood that you or a colleague will participate in future workshops.

5. Other Comments
