The FO will be completing the National Environmental Policy Act (NEPA) analysis and making decisions on the renewal of certain grazing permit/leases. Since the level of NEPA analysis is in part driven by the level of public interest and concern, your comments are requested relative to conditions you have observed on these allotments, and/or specific environmental concerns about the lands and/or resources found within the specific allotment. The more specific and factual your information is the more helpful and useful it will be.

If you have any information or concerns, wish to be considered as an interested public on a permit or allotment, or wish to be involved in assessments or monitoring, please contact Isaac Pittman at [ipittman@blm.gov](mailto:ipittman@blm.gov) or 970-876-9069 to be put on a mailing list.

A list of grazing permits expiring between 2014-2015 has been posted on the Colorado River Valley BLM website at: <http://www.blm.gov/co/st/en/fo/crvfo/grazing.html>

An interactive map and more information about other grazing permits or allotments can be obtained online at: <http://www.blm.gov/ras/>
