Appendix 13. On-Site Survey

ID#: _____
Zone: _____
Location: _____

Dear Public Lands Visitor:

Mesa State College is conducting this survey to learn more about visitors to Bureau of Land Management public lands in Colorado, so that public land managers and their local government and business partners can improve service to you. You are one of a small number of people randomly chosen for this survey, so your opinions are important to us. Although we would greatly appreciate your help, you are free to decline this interview. Your responses will be considered your consent to participate. All the information will be used for our statistical purposes and will be kept confidential. Would you be willing to take 3-4 minutes to answer a few short questions about your visit today?

1. *How many people are in your group today, including yourself?* _____
2. **[Show zone map and *orient* the management area to the visitor. Please record all the zones that this person visited/will visit on their current trip].**

Can you show us on the map which zones you went to or plan to go to on this trip.

Zone(s): _____

3. *How many times have you visited this area in the past 12 months, including this visit?* _____

How about the last five years? _____

4. *Please indicate which activities from this list (card) that your group did or will participate in during your current visit to this area. [✓ all that apply]*

Motorized Upland Activities

- ___ ATV Riding
- ___ Auto Touring/Sightseeing
- ___ Four-Wheel Driving
- ___ Motorcycling: Dirt Bike

Resource/Heritage Activities

- ___ Environmental Learning
- ___ Viewing Historic Mines
- ___ Viewing Interpretive Exhibits
- ___ Viewing Fossils
- ___ Watching Wildlife

Non-Motorized Activities

- ___ Backpacking
- ___ Bicycling: Mountain
- ___ Bicycling: Road
- ___ Hiking/Walking
- ___ Horseback Riding
- ___ Hunting
- ___ Running
- ___ Target Practice
- ___ Scouting (for hunting)

Group Activities

- ___ Attending Special Events
- ___ Camping In/Near Vehicle
- ___ Camping Away from Vehicle
- ___ Picnicking
- ___ Social Gatherings

Other Activities

- ___ Photography
- ___ (write-in): _____

5. Next, please tell me which activities from the list above are your three most satisfying activities for this visit.
 1st: _____ 2nd: _____ 3rd: _____
6. What type of group are you with during this visit? (✓ one)
 I am visiting alone
 Family only
 Friends only
 Family and friends
 Organized Group (e.g. church, scouts, etc.)
 Commercially outfitted group
7. Which of the following statements best describes your visit to this area? [✓ one]
 This management area is the main destination for this trip.
 This management area is one of multiple other destinations for the trip.
8. Are you ...? Male Female
9. What year were you born? _____
10. In what state do you permanently reside? _____

Your Opinions Count!

Would you be willing to take home and complete a more detailed mail-back survey? The results will help public land managers to provide the recreation opportunities you most want. Again, your participation in this study will be confidential and your participation is completely voluntary. Your name, address and phone number will only be used to contact you for this study and will not be shared. Would you be willing to take a mail survey home and fill it out?

[Hand the clipboard to respondent to fill-in name and address, then provide with the mail survey, map and envelope.]

Name _____
 Street Address _____
 City _____ State _____ Zip Code _____
 Is this address your (check one)?
 Permanent address Second home address Other seasonal address

This information will be used by public land managers to better serve the public. Your response to this request is voluntary. No action may be taken against you for refusing to supply the information requested. Your name is requested for follow-up mailing purposes only.

Study conducted by Mesa State College

→ Take Home Survey Code # _____

**GJFO Resource Management Plan
Visitor Study**

Dear Grand Junction Field Office Visitor:

Thank you for visiting public lands administered by the Bureau of Land Management – Grand Junction Field Office and for agreeing to participate in this study. We are conducting this survey to learn more about area visitors. The BLM hopes to use study results in collaborating with local community local governments and business partners. Results will help these cooperators maintain distinctive public lands recreation setting character and its capacity to enrich the quality of life of visitors and affected residents alike.

The survey is confidential and your participation is voluntary. You have been chosen randomly as a representative visitor in the area, so your participation is of great importance to us. Your survey has an identification number so that we can keep track of distribution. All the information we collect will be used for statistical purposes and at no time will your name be identified with any results. You are free to withdraw from the study at any time without any type of penalty. Returning the survey will be considered as your consent to participate.

If you have any questions about the survey, please feel free to contact Dr. Justin Gollob or Dr. Tim Casey at Mesa State College (970) 248-1696. **Thanks Again!**

Study conducted by Mesa State College
Natural Resources and Land Policy Institute
Mesa State College
1100 North Avenue
Grand Junction, CO 81501-3122

PART 1- First, we would like to begin by asking you some questions about your recent visit to the Grand Junction Field Office where you received this survey.

1. Was visiting these BLM public lands the main reason for taking your trip away from home? *(please ✓ one)*

- Yes No

2. What type of overnight accommodations did you use while in the area?

(please ✓ all that apply)

- | | |
|--|--|
| <input type="checkbox"/> I didn't stay overnight in the area <i>(go to Question 3)</i> | <input type="checkbox"/> Hotel/motel/resort |
| <input type="checkbox"/> Camped on BLM public lands (not a campground) | <input type="checkbox"/> Camped in a public campground |
| <input type="checkbox"/> Camped on other public lands | <input type="checkbox"/> Private home |
| <input type="checkbox"/> Bed and breakfast | <input type="checkbox"/> Commercial campground |
| <input type="checkbox"/> Other (specify) _____ | |

2a. If you did stay overnight, how many nights did you stay? _____

2b. Where were the above accommodations located? *(please ✓ all that apply)*

- | | |
|---|---|
| <input type="checkbox"/> Grand Junction | <input type="checkbox"/> Gateway |
| <input type="checkbox"/> Montrose | <input type="checkbox"/> Moab |
| <input type="checkbox"/> Fruita | <input type="checkbox"/> Delta |
| <input type="checkbox"/> Palisade | <input type="checkbox"/> Other (please specify) _____ |
| <input type="checkbox"/> Debeque | |

3. Which of the following information sources did you use for this trip? First, check all the boxes that apply in column A. Next, circle how helpful each information source was in column B if you used the information.

	A - Used	B -- Helpfulness			
	Used	Not at all helpful	Slightly helpful	Moderately helpful	Very helpful
BLM brochures/maps	<input type="checkbox"/>	1	2	3	4
Past personal experience	<input type="checkbox"/>	1	2	3	4
Travel magazines	<input type="checkbox"/>	1	2	3	4
Travel club (AAA, etc.)	<input type="checkbox"/>	1	2	3	4
Travel books/guides	<input type="checkbox"/>	1	2	3	4
Outdoor magazines	<input type="checkbox"/>	1	2	3	4
Newspaper travel section	<input type="checkbox"/>	1	2	3	4
Colorado welcome center	<input type="checkbox"/>	1	2	3	4
Visitor center/Chamber	<input type="checkbox"/>	1	2	3	4
Internet	<input type="checkbox"/>	1	2	3	4
Signs/roadside displays	<input type="checkbox"/>	1	2	3	4
Rangers/BLM staff	<input type="checkbox"/>	1	2	3	4
Commercial guides	<input type="checkbox"/>	1	2	3	4
Local business people	<input type="checkbox"/>	1	2	3	4
Friends/relatives	<input type="checkbox"/>	1	2	3	4
Travel agent	<input type="checkbox"/>	1	2	3	4
Other (specify)	<input type="checkbox"/>	1	2	3	4

4. Overall, how satisfied were you with your visit to this BLM public land area? (*circle one*)

Not at all Satisfied	Slightly Satisfied	Moderately Satisfied	Very Satisfied	Extremely Satisfied
1	2	3	4	5

5. To what extent did each of the following contribute to your satisfaction while visiting these BLM Public Lands? (*circle one number for each*)

	Contributed		Contributed		Contributed	
	Least		Some		Most	
a. the natural places (e.g. mountains, streams)	1	2	3	4	5	
b. the cultural places (e.g. mines, historic sites)	1	2	3	4	5	
c. the activities (e.g. four-wheeling, hiking)	1	2	3	4	5	
d. the companionship of the people in my group	1	2	3	4	5	
e. the opportunity to think and reflect	1	2	3	4	5	

6. Please estimate the amount of money you and your group spent on your recent trip within 100 miles of these BLM Public Lands. (*enter the amount for each category*):

Lodging (hotels, motels, resorts, campgrounds, etc.) \$ _____

Shopping and gifts (groceries, clothing, gifts, souvenirs, etc.) \$ _____

Food, meals and drink (restaurants, groceries, taverns, etc.) \$ _____

Tourist services (jeep tours, jeep rentals, museums, outfitters, etc.) \$ _____

Gas and transportation costs \$ _____

Other (please specify) _____ \$ _____

PART 2 - Now we would like to ask you some questions about your favorite part of the Public Lands in the Grand Junction Field Office and favorite recreation activity

7A. What recreation area is listed at the top of your zone map? _____

7B. On the map that you received while visiting the recreation area, you will notice that the land is divided into zones, and each zone is labeled with a number. Please identify the zone from your map that added most to your satisfaction during your visit to the recreation area by checking the appropriate box below. (*Please check one*)

- Zone 1 - Zone 6
- Zone 2 - Zone 7
- Zone 3 - Zone 8
- Zone 4 - Zone 9
- Zone 5 - Zone 10

8. Please indicate all the activities from the list below that you participated in your most satisfying zone.

(✓ all that apply)

Motorized Upland Activities

- ATV Riding
- Auto Touring/Sightseeing
- Four-Wheel Driving
- Motorcycling: Dirt Bike

Group Activities

- Attending Special Events
- Camping In/Near Vehicle
- Camping Away from Vehicle
- Picnicking
- Social Gatherings

Non-Motorized Activities

- Backpacking
- Bicycling: Mountain
- Bicycling: Road
- Hiking/Walking
- Horseback Riding
- Hunting
- Running
- Target Practice
- Scouting (for hunting)

Resource/Heritage Activities

- Environmental Learning
- Viewing Historic Mines
- Viewing Interpretive Exhibits
- Viewing Fossils
- Watching Wildlife

Other Activities

- Photography
- Write-In:

9. Next, please write in which activities from the above list were your most satisfying activities for this visit.

1st: _____ 2nd: _____ 3rd: _____

10. Estimate the number of other groups of people you saw in your most satisfying zone on this trip:

_____ groups

11. Please circle the number that best represents how crowded you felt during your visit to your most satisfying zone.
(circle one).

Not at all crowded
crowded

Slightly crowded

Moderately crowded

Extremely

2

3

4

5

6

7

8

9

PART 3 - Now we would like to ask you some questions about the experiences and benefits you received from visiting your most satisfying zone and most satisfying activities you just indicated (in Questions 7A and 9)

12. Managers would like to know more about the experiences you achieve by participating in your most satisfying activity in your most satisfying zone. **First**, indicate how desirable each of the following experiences was to you as you made the decision to make this trip. **Then**, rate the degree to which you were able to attain each experience during the trip (*circle appropriate numbers for desirability & attainability*)

Desirable to You					Personal Experience Outcomes	Able to Attain				
Not at all desirable		Extremely desirable				Not at all attained		Totally attained		
1	2	3	4	5		1	2	3	4	5
1	2	3	4	5	Developing your skills and abilities	1	2	3	4	5
1	2	3	4	5	Enjoying the area's wildlife, scenery, views and aesthetics.	1	2	3	4	5
1	2	3	4	5	Enjoying exploring on my/our own	1	2	3	4	5
1	2	3	4	5	Enjoying risk-taking adventure	1	2	3	4	5
1	2	3	4	5	Enjoying closeness to family/friends	1	2	3	4	5
1	2	3	4	5	Enjoying group affiliation and togetherness	1	2	3	4	5
1	2	3	4	5	Experiencing the natural surroundings	1	2	3	4	5
1	2	3	4	5	Learning more about things here	1	2	3	4	5
1	2	3	4	5	Being able to be more contemplative	1	2	3	4	5
1	2	3	4	5	Getting some needed physical exercise	1	2	3	4	5
1	2	3	4	5	Experiencing adventure and excitement	1	2	3	4	5
1	2	3	4	5	Releasing or reducing some built-up mental tensions	1	2	3	4	5
1	2	3	4	5	Escaping everyday responsibilities for a while	1	2	3	4	5
1	2	3	4	5	Enjoying the solitude	1	2	3	4	5

1	2	3	4	5	Enjoying frequent access to outdoor physical activity	1	2	3	4	5
1	2	3	4	5	Gaining a greater sense of self-confidence	1	2	3	4	5
1	2	3	4	5	Testing my equipment	1	2	3	4	5
1	2	3	4	5	Being with others who enjoy the same things I do	1	2	3	4	5
1	2	3	4	5	For the challenge or sport	1	2	3	4	5
1	2	3	4	5	Getting needed physical rest	1	2	3	4	5
1	2	3	4	5	Enjoying a sense of independence	1	2	3	4	5
1	2	3	4	5	Testing my endurance	1	2	3	4	5
1	2	3	4	5	Reflecting on my character and personal values	1	2	3	4	5

13. Managers would like to know more about the benefits you achieve by participating in your most satisfying activity within your most satisfying zone. **First**, indicate how desirable each of the following benefit outcomes is to you when making the decision to visit public lands. **Then**, rate the degree to which you were able to attain each benefit as a result of your recreation experience in this zone. (*circle appropriate numbers for desirability & attainability*)

<i>Desirable to You</i>					Personal Benefit Outcomes	<i>Able to Attain</i>				
Not at all desirable			Extremely desirable			Not at all attained			Totally attained	
1	2	3	4	5	Restored my mind from stress/ tension/ anxiety	1	2	3	4	5
1	2	3	4	5	Improved physical fitness and health maintenance	1	2	3	4	5
1	2	3	4	5	Greater self- reliance	1	2	3	4	5
1	2	3	4	5	Enhance sense of personal freedom	1	2	3	4	5
1	2	3	4	5	Improved sense of control over my life	1	2	3	4	5
1	2	3	4	5	Improved outdoor knowledge and self – confidence	1	2	3	4	5
1	2	3	4	5	Living a more outdoor- oriented lifestyle	1	2	3	4	5
1	2	3	4	5	Restored my body from fatigue	1	2	3	4	5
1	2	3	4	5	Developing stronger ties with my family	1	2	3	4	5

					or friends					
1	2	3	4	5	Greater freedom from urban living	1	2	3	4	5
1	2	3	4	5	Improved ability to relate to local residents and their culture	1	2	3	4	5
1	2	3	4	5	Increased personal accountability to act responsibly on public lands	1	2	3	4	5
1	2	3	4	5	Increased appreciation of the area's cultural history	1	2	3	4	5
1	2	3	4	5	Greater respect for private property and local lifestyles	1	2	3	4	5
1	2	3	4	5	Closer relationship with natural world	1	2	3	4	5
1	2	3	4	5	Greater understanding of the importance of wildlife to my quality of life	1	2	3	4	5
1	2	3	4	5	Greater aesthetic appreciation	1	2	3	4	5
1	2	3	4	5	Improved balance of work and play in my life	1	2	3	4	5
1	2	3	4	5	Improved outdoor recreation skills	1	2	3	4	5
1	2	3	4	5	Greater awareness of this community as a special place	1	2	3	4	5
1	2	3	4	5	Improved opportunity to view wildlife up close	1	2	3	4	5
1	2	3	4	5	Increased opportunity for artistic expression	1	2	3	4	5

14. Managers would like to know more about the community, environmental and economic benefit outcomes that are desired and attained from participating in your most satisfying activity in your most satisfying zone. **First**, indicate how desirable each of the following benefits is to you. **Then**, rate the degree to which you believe that each of these benefits is actually attained by you. (circle appropriate numbers for desirability & attainability)

<i>Desirable to You</i>					Community, Environmental and Economic Benefit Outcomes	<i>Able to Attain</i>				
Not at all desirable			Extremely desirable	Not at all attained					Totally attained	
1	2	3	4	5	Greater household awareness of and appreciation for our cultural heritage	1	2	3	4	5

<i>Desirable to You</i>					Community, Environmental and Economic Benefit Outcomes	<i>Able to Attain</i>				
Not at all desirable		Extremely desirable				Not at all attained		Totally attained		
1	2	3	4	5	Increased desirability as a place to live or retire	1	2	3	4	5
1	2	3	4	5	Strengthening relationships with family and friends	1	2	3	4	5
1	2	3	4	5	Greater community involvement in recreation and other land use decisions	1	2	3	4	5
1	2	3	4	5	Greater family bonding	1	2	3	4	5
1	2	3	4	5	Lifestyle improvement or maintenance	1	2	3	4	5
1	2	3	4	5	Maintenance/preservation of distinctive community atmosphere	1	2	3	4	5
1	2	3	4	5	Heightened sense of community pride & satisfaction	1	2	3	4	5
1	2	3	4	5	Improved respect for privately-owned lands	1	2	3	4	5
1	2	3	4	5	Increased awareness and protection of natural landscapes	1	2	3	4	5
1	2	3	4	5	Greater community ownership and stewardship of recreation and natural resources	1	2	3	4	5
1	2	3	4	5	Greater protection of fish, wildlife, and plant habitat from growth, development, and public use impacts	1	2	3	4	5
1	2	3	4	5	Maintenance/preservation of distinctive public land recreation setting character	1	2	3	4	5
1	2	3	4	5	Increased work productivity	1	2	3	4	5
1	2	3	4	5	Increased local tourism revenue	1	2	3	4	5
1	2	3	4	5	Reduced health maintenance cost	1	2	3	4	5
1	2	3	4	5	Reduced looting and vandalism of historic/prehistoric sites	1	2	3	4	5
1	2	3	4	5	Sustainability of community's cultural heritage	1	2	3	4	5
1	2	3	4	5	Reduced negative human impacts such as litter, vegetative tramping and unplanned trails	1	2	3	4	5

Natural Resource Recreation Setting Character

We would like to know how you feel about the range of conditions listed below for each of 10 recreation setting components (while participating in your most satisfying activities within your most satisfying zone).

15A. Please check each and every Condition you **OBSERVED**, and...

15B. Then please check each of the conditions that you believe must be **PROVIDED/MAINTAINED**

RESOURCES and FACILITIES:

a. Remoteness(level of remoteness)

- Very Remote** • More than 3 miles from any road
- Remote** • Between ½ and 3 miles from any road, and no road in sight
 - Near four-wheel drive roads, but at least ½ mile from all improved roads
 - On or near four-wheel drive roads, but at least ½ mile from all improved roads
 - On or near improved country roads, but at least ½ mile from all highways
- Easily Accessible** • On or near primary highways, but still within a rural area
- On or near primary highways, or roads within developed areas

b. Naturalness (level of naturalness)

- Un-disturbed** • Undisturbed natural landscape
- Naturally-appearing landscape having modifications not readily noticeable
 - Naturally-appearing landscape except for obvious primitive roads
 - Natural landscape slightly modified by roads, utility lines, etc
 - On or near improved country roads, but at least ½ mile from all highways
- Highly Modified** • Natural landscape substantially modified by agriculture or development
- Landscape dominated by urbanized developments

✓ Each You OBSERVED	✓ Each To be PROVIDED/MAINTAINED
✓ Each You OBSERVED	✓ Each To be PROVIDED/MAINTAINED

i. **Motorized and Mechanized Use** (level of motorized and mechanized use)

- Prohibited**
- Foot travel
 - Mountain bikes allowed, but all use is non-motorized
 - Four-wheel drives, dirt bikes, or snowmobiles in addition to non-motorized use
 - Two-wheel drive vehicles predominant - open to motorized and non-motorized use
 - Ordinary highway vehicles and traffic is characteristic
- Pre-dominant**
- Wide variety of street vehicles and highway traffic is ever-present

✓ Each You OBSERVED	✓ Each To be PROVIDED/ MAINTAINED

PART 4 - The final section asks for some background information about you and your household. This information will be kept in strictest confidence and used for statistical purposes only.

16. Are you ...? Male Female

17. What year were you born? _____

18. Please indicate the highest level of education you have attained. (*please circle one*)

<u>Junior High</u>		<u>High School</u>				<u>College</u>				<u>Graduate School</u>	
7	8	9	10	11	12	13	14	15	16	17	18+

19. What was your employment status during the past year (✓ *all that apply*)

- | | |
|---|---|
| <input type="checkbox"/> Full-time student | <input type="checkbox"/> Part-time student |
| <input type="checkbox"/> Employed part-time | <input type="checkbox"/> Employed full-time |
| <input type="checkbox"/> Unemployed | <input type="checkbox"/> Homemaker or caregiver |
| <input type="checkbox"/> Retired | <input type="checkbox"/> Other (<i>please specify</i> _____) |

20. With which racial group(s) do you identify? (*please ✓ all that apply*)

- American Indian or Alaska Native
- Asian
- Black or African American
- Native Hawaiian or other Pacific Islander
- White
- Hispanic/Latino/Latina
- Other

21. Which of the following broad categories best describes your total annual household income for the last calendar year (✓ *one*)

- \$25,000 or less
- \$25,001 – \$50,000
- \$50,001 – \$75,000
- \$75,001 – \$100,000
- \$100,001 – \$125,000
- \$125,001 – \$150,000
- More than \$150,000

22. If you have any additional comments or suggestions for BLM managers about the future planning for this recreation area, please write them below:

CODE _____

Thanks for completing this survey. Please place it in the pre-stamped envelope and mail it today!

Thank you for your participation!!!

Appendix 21. Take-Home Survey Written Comments

Area	Zone	Written Comments
NFD	1	Very nice camping & mtn. biking area; Planned to stay 3 nights, but it rained continually and the mtn. biking trails got too muddy, so left to go home after second night.
BC	3	Please include Bang Canyon area into the Colorado Nat'l Monument; Also put Rattlesnake Canyon into the Monument
BC	1	I think you guys are doing a great job with the trails management and expansion. You are playing a major role in the discovery of Grand Junction as a mountain biking Mecca. I also see you addressing the concerns that come with growth, such as, more facilities, maps, information and new trails. I do think that tourists would benefit if you added a trails map at various points in the trail (ex--bottom of widow-maker hill) because I'm always giving them directions. Okay, keep up the good work, and thank you.
BC	1	Quit improving. Too many changes like trails before you improved them. Put Gunny Loop back thru canyon; Get rid of new trail, bad change for runners and walkers. Every new change made for bikers. Not everyone is on a bike. Not everything needs to be fix. Wash it broke. Put it back.,
BC	1	I live in Grand Junction and spend a lot of time running in the Tabeguache area. I don't mind the excessive foot traffic or bikes. Some days and during some hours it is difficult to look behind me for approaching bikes, but it does not bother me. I <u>really</u> dislike all the loose dogs on the trails. The single track trails are difficult to navigate with dogs that don't move over and whose owners don't move them!!!
GW	3	The BLM provided no facilities at the Gateway Dynamite shoot. The BLM charged each of us \$10 to place some bullets in the dirt, a small number of volunteers placed the dynamite and the numbers in the dirt. The \$ charge was excessive. Had BLM employees attended or participated in the dynamite shoot, they would have seen how little impact this activity has on the dirt.
NFD		Please consider using Moab Sand Flats Road as a model. However, SFR does not have enough designated camp areas to keep up with demand (obviously my opinion). We arrived at the Fruita upper camp area about 6 p.m. on a Friday night all campsites were already occupied. Fruita may need more camp sites. User fees (moderate) would be acceptable if the \$ collected stayed in the area for mt. and Rangers. Thanks.
NFD	1	It is important to maintain areas free of motorized use. Compare the damage (short and long-term) done to vegetation and soils in motorized vs. non-motorized use areas. Motorized use, regardless of whether it is enjoyable, must be tightly controlled, otherwise it is extremely damaging to scenery, vegetation, soils, wildlife, and air

		and sound quality. Dust from motorized use area on BLM often blows over Hwy. 70 and obstructs vision on drivers even it's that bad.
LBC	3	This survey is poorly written. As a solo hiker from Grand Junction, many of the questions didn't really apply.
LBC	1	Post a sign with a number to call in violations such as ATV's being inside the wild horse area or hunters intentionally trying to spook horses, etc. W've seen these activities on other occasions. Thank You
LBC	6	No horses
NFD	1,2,4	Keep up the great work. The trails & area were very similar to the last time we were her 4 years ago.
LBC	3	They at least need a porta-potty, along with (maybe) a trash can. But definitely a place to use the restroom.
GNS	4	There was a significant trash clearly dumped near where we chose to camp. Dumping violations should be prosecuted aggressively to reduce occurances. Funds or volunteer efforts should be allocated to trash clean-up.
BC	1	Keep trails open to mountain bikes; Awesome job on the lunch loop trail system.
NFD	1	Too many questions in this survey are repetitive.
NFD	1	Outhouse should be able to handle 2 people at a time & better stocked with toilet paper.
BC	5	This survey is not very user friendly. You may get more responses if it is simplified.
LBC	3	Hiking Mount Garfield was an enjoyable hike. We were very glad that dogs were allowed on the trail.
BC	1	
BC	1	Keep the Zone 1, 2, and 4 non-motorized. It is a great place to go and experience quiet riding in the high desert. Increase education on proper riding etiquette...no skidding and trail cutting. Keep up the great work; it is appreciated!
BC	2	More campsites near mountain biking trails; We enjoyed the trails--thanks!
BC	1	At times this survey was confusing--i.e. #14 addressing historic sites and cultural heritage--these issues are important to me, but I don't think they apply to Bang's zone 1 & 4 so I gave them a 1-1 (not significant). Was this correct?; This is a great area, close to GJ for easy access to great trails. I have also enjoyed the remoteness of zones 5-6, but today's visit & this survey addressed zones 1 & 4 (trail running outing). I love solitude, but don't seek it or expect it in the zones I visited today. That said, I don't feel the area was over crowded. It was a beautiful morning with lots of people having fun.
NFD	1	I would pay fees for garbage removal, facility upkeep (pit toilets) and trail maintenance.
BC	1	Interesting how use has increased at Tabaguache trailhead since the

		installation of the new improvements. I'm amazed at how many cars/people are in the parking lot now!!!; Nice trail improvements!!
LBC	1	Survey is confusing
NFD	1	A water source would be nice at the parking lot/trailhead. Thanks.
LBC	1	This was my first of many visits to come! I thoroughly enjoyed this ride and the fact that no motorized vehicles are allowed made our visit even better. We will return again! Thanks!
GW	1	The natural resource rec. setting character section is very confusing. It could be more user friendly which may get you more accurate information. Many of the questions in Part 3 did not really apply to our visit and I found those a bit hard to answer as well.
NFD	1	Fruita rules for mountain biking. The more I ride there the more I want to come back. The camping/riding experience is the best anywhere I've been. Any more trails would be greatly appreciated especially a long downhill specific type trail. Thank you!
NFD	1	I love traveling to Highline State Park and riding trails at Road 18 and the Colorado River. I support any efforts to keep the mountain bike trails as high-quality single track--something Fruita is known for. Sorry I could not be more help.
NFD	1	The bike trails were awesome and a variety of difficulty levels are provided. The only downer for me was the number of people there. This place has so been discovered, I find that a shame. But what can you do? The planet is getting way too crowded.
NFD	1	Allow trail development.
NFD	1	Keep it non-motorized on trails. We really enjoyed the accommodation and camping at 18 mile Road.
BC	3	I think we should try to allow trails in most areas such as these (the Tabeguache little trail area) but try to keep motorized travel to only areas where it's already allowed.
BC	1	Satisfied as it is.
BC	3	This is an over-analyzed questionnaire. We went for a day hike with scouts. We just wanted a trail and found it.
LBC	1	Portapotties at the trail head would be nice.
BC	3	This was my first hike down Rough Canyon. The trail was easy to follow and well maintained. It appeared that recent improvements had been made to two areas to washout using native stone. I enjoyed seeing and hearing the various birds, but wished I remembered to bring my wildflower field manual.
BC	1	I live in Grand Junction and love the convenience of the BLM land. We hike with the dog and use it for mountain biking.
BC	1	Bigger parking lot
NFD	1	We've been coming to this area for 13 years. We come to mountain bike. What's important to us is the diversity of trails, natural surroundings, availability of facilities in town (hotels, eating) & at

		trailheads (toilets, parking). We don't mind seeing others on the trails. We love having other things to do if the weather turns too bad for biking--going to G.J., the monument, Palisades. Please keep a variety of activities available in the area for all types of users. Don't create an amusement park--but don't close the area off, either. There are great natural & cultural resources in this area--let's enjoy them responsibly. Thank you.
NFD	1	Too many people on the bike trail. Consider permits for bikers and campers. I feel the number of riders make the trails less enjoyable and less safe.
NFD	1	I am not a motorized vehicle "recreationist," but I do believe we need to keep equal opportunities available to those who enjoy that sport. But there needs to be some type of control so that our natural environments don't deteriorate; this is true for all who use the land (hikers, mountain bikers, motorized vehicles alike).
LBC	1	I like the horse trailer parking area at Coal Canyon it sure made it easier to get in and out; I'm concerned about the horse walk through at the Mt. Garfield zone 3 trail head. We use to use it all the time but last time we noticed there was a stake or fencepost like think sticking out of the ground right in the middle of the walk thru. Very bad for horses. The fence was also out there and motorcycles and four-wheelers were back out tearing up the front side of the bookcliffs. I called with questions and got no response or return call. Not the first time either. Lots of trash and beer bottles in coal canyon.
GW	1	It's very important to provide more opportunities for non-motorized use, and to protect natural areas from OHV overuse and abuse, as the Gateway area usage increases.
NFD	1	I think the BLM is doing a great job of managing the area! We drive 1150 miles every year (most of our group only drives about 800 miles) to mountain bike ride and camp with friends in Fruita. My husband has been camping/riding there since '97 & he says the campground was a huge improvement and has definitely added to the overall experience. I would recommend more signs overall relating to legal campsite areas (outside of bike emphasis area). Fruita is a great place and a nice alternative/warm-up for the Moab insane/get run over by Jeeps trails!!
NFD	1	We had a great time on our trip.
BC		I went to the Monument today alone to cycle, however, I was turned away at the gate because I didn't have lights on my bicycle. It was disappointing as when I went there last Friday and paid for the entrance fee, they told me my pass was good for 14 days. They <u>neglected</u> to tell me the policy was changing during that period. I didn't need lights on the 14th!
BC	1	Thanks for keeping this great area open!
BC		We appreciate all the new trails that have been built lately, thanks! With more and more people using our trails for physical fitness, to spread the impact out, more trails are desirable. This is especially

		important as our society has more and more health problems due to the lack of exercise.
NFD	1	I found this survey to be too lengthy. Also, not quite sure what you mean by "provided/maintained." I think you need to define what you are looking for on that part of the survey.
BC	1	This survey is confusing and seems to have flaws that will compromise the usefulness of the information gathered.
BC	3,4,5	Less motor vehicle travel
NFD	1	Can we build something like the Fruita trail system in Montrose? Come on please!!
BC	3	BLM is doing alright on the Little Park corridor.
BC	3	Keep up the good work
BC	1	I know money is tight, but even when the economy was good, you almost never see or saw BLM rangers in the field. There is so much BLM land around Grant Junction and it is badly abused by trash, dumping, vandalism and unauthorized trail (downhill bikes). Any area (BLM) that is advertized for recreation should have BLM personnel in the field. Need someone? Give me a call. Tom Chapman 970-24304927.
BC	1	Way too long!
GW	1	I enjoyed my trip to Gateway! I think the most important management objective, as use increases, is trail development and enforcement of proper use (staying on trail) to protect the delicate ecosystem. Call me if you would like to discuss further.
BC	4	The BLM has done a wonderful job developing, and maintaining this area! Thanks!
NFD	1	Keep camping free! This is a beautiful and relaxing area--nice to have few restrictions on camping and recreation.
NFD	1	our biggest problem was the lack of camping space. We prefer uncontrolled access and rustic camping, but we could not find a single bit of info online or at shops defining where we could and could not camp. Organized sites were jam-packed. We wanted to just pull off and camp, but not knowing the rules prohibited us from doing so, we were there for Fat Tire Festival. Organizers were absolutely no help.
NFD	1	Picnic benches at trail head in the shade please!; Bathrooms were very unclean--even for pit toilets; Need trash receptacles.
NFD	1	The expectations for mountain bike trail use and etiquette is not always readily known. Need more camp sites available, better signs for camping: like information at entry points about how the sites are laid out; Memorial Day weekend toilet paper ran out in bathroom on Saturday, did not get serviced by Monday at noon when we left; Overall trails are marked well, easy to follow. Wish there were more trails--please keep this area mountain bike friendly.

NFD	1	I would like to see more trails in the area and more campsites. Possibly a small fee/night to prevent people from setting up tents in advance to hold a campsite for the weekend; Restroom maintenance could be better (always out of toilet paper); A dumpsite for trash and one for recycling would be good by the main parking lot.
BC	2	Greater controls and restrictions on motorized travel, particularly OHV's. These should include: All OHV travel on designated trails with adequate signs. Speed and noise limits on OHV's and these must be enforced. OHV trails should be placed on modest terrain--purpose to allow users to enjoy nature. No challenging trails that destroy terrain. Recognize that OHV users are the noisy minority. Mush smaller percentage of trail users than hikers/walkers.
NFD	1	Survey could have asked more specific questions. Excellent biking and camping at 18 Road leave it the way it is.
BC	6	The petroglyphs and other canyon walls in Bang's particularly, Rough Canyon, have been very vandalized, some enforcement must be made to inhibit this. Litter is also a problem in Rough Canyon. I pick up a backpack full every time I go up there and upon return there is twice as much. Any person caught littering should be fined. Also, flash flood education or packets should be available. As I ran into a family who would have been marooned had I not met them. Overall, Bang's Canyon and particularly Rough Canyons are beautiful and intrinsically sacred and we should apply our best efforts to preserve them.
GW	1	I believe with Canyon's Resort present in Gateway that area use is going to increase markedly. Education will be needed for proper "leave no trace" back-country use by all user groups especially motorized.
BC	1	The BLM has done an awesome job preserving some areas of the Grand Valley while allowing others to be recreated heavily on. The designated mountain biking areas like Kokopeli, 18 Road, and Tabeguache are awesome!; Investing in vault toilets, garbage cans, info signs, and parking areas improve cleanliness and usability while discouraging littering, off-roading, etc. Great job and thank you, BLM, for creating great management practices in the Grand Valley.
BC	1	Great job with the mountain biking trails!!!
BC	1	Please consider expanding zones to foot/biker (non-motorized).
NFD	1	This is a wonderful area that I use: OFTEN, to get outdoors and play, ride my bike, usually in great weather, around friendly people of Fruita. I think that to date, the users have done a good job of "self-policing" to ensure minimal impact to the natural environment, and wildlife here. I would not like to see, or think it needed; to have drastic changes here, or to have to "pay" to use trail; or lands to camp. I think enough "infrastructure" is in place-- i.e. roads, bathrooms, kiosk, maps, I do NOT think that this area should become any more accessible to/for travel trailers/RVers--We

		do not need paved roads, parking areas, waste dump sites; keep it rural and maybe, if anything at all just bring a trash dumpster located near entrance, would be nice, but again, not needed.
BC	1	Please keep the Tabeguache for hiking, running, and mountain biking only. Thanks for modern bathroom. Encourage users to keep their trash picked up and pick up after others.
NFD	1	Thank you for your time and care!!
BC	1	Please--More Land!
NFD	1	Thank you and good luck!; I am a snow skier from the mountains. There are many of us who come to the desert for the early spring and late fall. Mountain biking is our main activity. My first visit to 18 Rd. was the second year that Troy from Over the edge Sports in Fruita (and his friends) had built the bike trails, approximately 10-12 years ago. I have witnessed a great effort by the local BLM/GJ field office to keep up with the recreational growth here. It's amazing, they have succeeded in saving and guiding this new NFD. But, it's not enough! The new campground was half the size of the camping areas previously used, which has created conflicts due to overcrowding and new areas being destroyed by overflow campers. THE WORLD knows of Fruita/G.J. and they are here already. And they are going home and telling their friends. Economic impacts by this group are slight and difficult to recognize. Mountain biking (that's what I'm talking about) is appealing because it typically doesn't cost anything. This frugality permeates throughout the mountain biking culture. But we are here and we are spending some. Many of us are also moving and eventually retiring here...It is very sad taht no fees have been collected--The parking area alone is a gold mine. We expected to be charged a fee years ago, yet nothing. The revenue that has been lost here and the maintenance expense is boggling! Due to the "boom" the past 20 years of recreation in the west, the BLM has been forced to change their directive. It is a formidable task. I am witnessing it and I appreciate it! Thank you for your time, these issues you pursue are very important to me. This is perhaps my 30th visit. I love it. Thank you Dr. Casy and Dr. Gollob for assisting the BLM/GJ field office. They need all the help, any help--and let me make it clear that is no slight against them. It seems that every time I speak about progress with any BLM staff I pick up a perception that they are completely overwhelmed (outnumbered). I am so pleased with their efforts and progress at NFD. A few other comments. Rabbit Valley: wow, fantastic improvements! Over the past five years we have been camping and riding more frequently than years past. The West Bench (rim) is some of the finest! Loma/Mack/Koko: We miss the camping. Riding from your campsite is extremely desirable. Not only that, most mountain bikers prefer BLM over state parks. Hurricane Utah: for many years now we have been going there for extended bike trips. I mention this because the BLM office there is cooperating with local groups and creating massive amounts of new

		recreation. Their efforts are considerable and could be a good model for study here in GJ. NFD: it is obvious that a large effort by GJ BLM is shared multiple uses. That's great and it's quite impressive the way they continue to lay out these areas and maintain them in that direction. It is obvious to me as a multiple visitor that local ranchers and horse enthusiasts (among others) don't appreciate the intrusion on land that more or less used to be theirs. This has created some conflicts and vandalism. Last and perhaps most important: 18 Rd out to NFD is not fit for emergency vehicles! Cooperation with the county is essential. We should have no more growth until this is resolved! Thank you and good luck! Great accolades to COPMOBA--Mountain biking is not a fad!
NFD	1	In general things are good, but please continue to be aware of people with disabilities that need access to facilities.
NFD		This survey does not make sense as the surveyor told us to fill it out based on the area we were riding (visiting) that day and time, but that was not our most "satisfying" area or zone. So here are important points: Maintain areas for non-motorized mountain biking close to populations; manage trails for experience and sustainability; continue to engage locals and user groups in decision making; increase the number of mountain biking options in the Grand Valley; finally, 18 Road trails need redesigned to be as sustainable as other areas. This is an important area to maintain for riding but many trails are created in erosive soils/on fall line ridges. Redesign as you did in Tabeguache area. Good example at 18 Road is Kestle Run--well built with flow.
NFD	1	This area is excellent for mountain biking, than you very much; no desire for upgraded services, keep the area primitive
NFD	1	Need more camping and restrictions on RV's. RV's and group size over 15 people or so should not be allowed. Area is too small and fragile to accommodate increasing user levels.
LBC	1	There were an abundance of rocks and such damaged by bullet holes. It would be nice to see some enforcement or at least posted rules indicating the inappropriate nature of this activity, especially considering the abundance of wild horses.
NFD	1	This management area is being managed well. I do believe that it is important to maintain multiple use areas, but in some cases single use works best. Separating OHV and mountain biking areas as was done in the North Fruita Desert was wise. The users of these two recreation types seem to have high potential for conflict if forced together. The camping option is nice as well.
NFD	1	I appreciate that zone 1 is non-motorized. In the other zones motorcycles are okay to me, but please restrict the use of ATV's. ATV's destroy single-track and seem to do more damage to vegetation than bicycles and motorcycles do. May I please have access to your results? thanks. Steve Stewart rockymtneconomics@gmail.com

BC	4	Some of the newer side trails which are clearly marked in zone 4 are really great; I can't comprehend why with all the clearly marked trails motorized vehicles continue to leave the trails; littering still a problem; beer cans, bottles on and off trail; trail markers knocked down; thanks for doing all you do for the trails.
BC	3	Your survey often combines 2 different time frames/geographic areas: your most recent visit and your most satisfying zone; these can be different, particularly for local people who often use many of this area's BLM land; same survey question asks more than one thing; keep it multi-use; keep it beautiful, my tax dollars very much approve of more allocate to BLM area!
NFD	1	More information: kiosks, interpretive signage made with local/indigenous materials; preservation/educational materials, signage; possible permit--only during peak use weekends to avoid overcrowding and abuse; install informal barriers around sites or sensitive landforms near campsites to reduce degradation; trailhead parking/day use area possible provision of primitive shelter; consider adoption of trails in cone area (18 Road) to alleviate encounters.
LBC	1	Very nice area, well maintained for multi-use recreation; enjoy watching and learning about the wild horses and close to home, easy access, but yet somewhat remote and not overly crowded; we hike there often and can choose between very easy to difficult path. Thanks!
GMS	3	I often hike in a group and enjoy aspects of companionship you get from sharing a natural experience together. On this occasion I was hiking alone, a relatively new experience for me but one that I will repeat. It is too early for most of the orchard stores to be open. Peach season hasn't started yet.
NFD	1	I like the "separation" of activities--areas of focus for hiking, mountain biking, motorized off-road, etc.
NFD	4	Re-open Pollack Canyon to mountain biking!
NFD	1	No oil and gas development! They have ruined the surrounding area and will ruin this too!
NFD	1	For the area and number of people more campsites are needed. People are poaching the area due to lack of space. Garbage and human waste will become an issue. Picnic tables would be a welcomed addition along with fire rings to maintain order.
	1	Campground was great on Road 18! I was so impressed with the campsites and cleanliness of the area. Definitely a place that is worth continued funding and upkeep.
NFD	1	Would encourage more areas of non-motorized use. Zone 1 seems to be non-motorized, other zones allow motorized areas where motorized use is allowed have much more erosion, pollution of all types and trash. Areas that allow motorized use are almost unusable by the rest of the public, wild animals, etc.
	3	Suggest NO SMOKING anywhere on these lands, the amount of trash from cigarettes in Bangs Canyon and other BLM areas is

		pretty bad and it is offensive when trying to enjoy the area as a non-smoker and having to breath the smoke of others, particularly if you have lung related problems, such as asthma. The Mica Mine had tons of discarded cigarettes and we had to share the picnic area with smokers, it made the experience a lot less enjoyable.
BC	1	Every time I come back to the Ribbon and Lunch Loops area I am impressed with the level of opportunities provided. My primary interest is mountain biking, and this is the major draw to the area for me. It seems you are doing a good job of providing opportunities to participate in the activity, while preserving the resource. Many thanks for your commitment to this kind of access.
GW	1	Not sure I hit the right zone(couldn't read map) but answers are based on the Gateway area, near the resort, but towards John Brown Canyon. Other experiences drawn on were up the Dolores River canyon, towards Utah, just to clarify areas I was thinking of when answering the questions.
LBC	4	The abundance of Bromus tectorum in this area is overwhelming and most likely due to poor management.
BC	5	Please connect the road on the south with hgwy 141.
NFD	1	This survey is WAY TOO LONG. I do not have time to fill out all the bubbles...so please condense your survey for future surveyees!
NFD	1	Make the survey shorter. This took too long for most people to complete

1100 North Avenue
Grand Junction, Colorado 81501
mesastate.edu
