

## LITTLE SNAKE FIELD OFFICE TRAVEL MANAGEMENT AREA 1 SCOPING COMMENT FORM

We encourage you to provide comments by filling out and submitting this form by **March 26, 2016**. Please use additional pages if needed. Fax the completed form to (970) 826-5002, e-mail to [lsfoweb@blm.gov](mailto:lsfoweb@blm.gov) or mail it to the address below. Comments will be available for public review after the BLM has had an opportunity to review and analyze them.

Public comments submitted for this planning review, including names and street addresses of respondents, will be available for public review at the Little Snake Field Office, 455 Emerson Street, Craig, Colorado, 81625, during normal business hours (8:00 AM to 4:30 PM), Monday through Friday, except holidays. BLM's practice is to make comments, including names and home addresses of respondents, available for public review. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, please be advised that your entire comment--including your personal identifying information-- may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations and businesses, will be available for public inspection in their entirety.

### Identify your top priority for creating a great travel system for multiple use:

Loops and scenic overlooks	Routes for all users
Access for energy and minerals	Access for range management
Diverse and quality recreational experiences	Reduce route redundancy and habitat fragmentation
Other:	

**Using the space below, please note issues that should be considered in the Travel Management Plan/Environmental Assessment.** Issues identified during scoping will be considered in the TMP/EA. For example issues that might include; route visibility from major roads, sensitive species, cultural resources, recreation or range management.

**Please provide thoughts on the evaluation criteria.** The following considerations will be used to evaluate each individual road and trail. The criteria seeks to identify important benefits as well as risks to natural or cultural resources:

- Recreation
- Wildland Fire Management
- Livestock Grazing & Rangeland Management
- Energy & Minerals
- Transportation & Access
- Lands & Realty
- Forestry
- Water / Hydrology
- Fish & Wildlife
- Special Status Species
- Soils
- Cultural Resources
- Paleontological Resources
- Visual
