**Bighorn Sheep Observations, by Season**

- Fall
- Spring
- Summer
- Winter

*Bighorn Sheep data was collected by various individuals between 1998 and 2009; the level of effort was considerably higher between Texas Creek and Parkdale. Sheep frequently use the County Line, Tunnel, and Vallie Bridge areas but that is not accurately represented in this data.*

**Extant Detailed Map Areas**

*\* The location of each detailed bighorn sheep observation map corresponds to these extant map areas.*

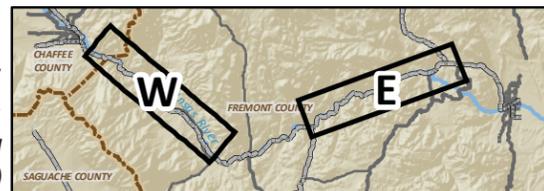

\* The proposed panel sites and viewing and information areas appear larger than actual size for mapping purposes.
