

Colorado SEZs Solar Regional Mitigation Webinar – Summary of Stakeholder Comments and Planned Responses,  
and Discussion of Resources that May Warrant Regional Mitigation, December 17, 2014

\*\*\*\*\*

On December 17, 2014 from 10:00 to 11:30 AM (Mountain Time) the Bureau of Land Management (BLM) is hosting a webinar to discuss Solar Regional Mitigation Strategies for three Colorado solar energy zones (SEZs): Antonito Southeast, De Tilla Gulch, and Los Mogotes East.

The webinar will present:

- 1) A summary of stakeholder comments on the Landscape Assessment and Resource Impact and Mitigation Summary Tables for the SEZs, and planned BLM responses; and
- 2) Preliminary BLM Recommendations on impacts that may warrant regional mitigation.

The dial-in number for the webinar is: 1-888-850-4523; Passcode: 473080. The URL for the webinar is: <http://anl.adobeconnect.com/lasrms/>.

Revised draft Resource Impact and Mitigation Summary Tables for the SEZs, and tables summarizing the rationale for impacts warranting mitigation, will be posted to the Project web site documents page([http://www.blm.gov/co/st/en/fo/slvfo/solar/solar\\_regional\\_mitigation.html](http://www.blm.gov/co/st/en/fo/slvfo/solar/solar_regional_mitigation.html)) approximately one week prior to the webinar. Please review these documents prior to the webinar if possible.

If you are planning to call in to the webinar please email your RSVP to [solarmitigation@blm.gov](mailto:solarmitigation@blm.gov).

For more information about this Solar Regional Mitigation Strategy project contact Joe Vieira, Project Manager, BLM Colorado Renewable Energy Program, at 719-852-6213 or [jvieira@blm.gov](mailto:jvieira@blm.gov).
