Please answer the following question about general management of the Dry Creek Travel Management Area.

- 1) **Please refer to sub-regions and desired future conditions handout. Please provide any comments on the sub-region boundaries and/or their desired future conditions**

- 2) **In the past, Public Lands have had no travel-related restrictions for dispersed recreational uses such as camping and hunting retrieval. This has resulted in concerns for natural resources and a need to increase protection of these resources. We would appreciate your comments/ideas on how we should manage travel related to dispersed recreational uses.**

On the Dry Creek maps, find the trails that are particularly important to you. **For that trail, write the Route ID Number below and answer the question. Please only refer to one trail for each letter and answer the question with that letter (i.e. A, A1).** For additional comments or ideas please make them on the last page.
