Subject: IOGCC Chairman's Stewardship Award      DD: 01/29/98

The Interstate Oil and Gas Compact Commission (IOGCC) has requested that the Bureau of Land Management (BLM) participate in the nomination process for two recipients of the annual IOGCC Chairman's Stewardship award to be presented this June at their mid-year meeting. This award is given to two companies; one to a major, and one to an independent, who have completed an outstanding project that demonstrates the compatibility between resource development and ecosystem conservation. BLM is being asked to help the IOGCC identify any of these type of projects where we are aware of them. Attached is a copy of the IOGCC letter to Bob Armstrong requesting our help. Enclosed with the letter are two copies of an application form and a brochure describing the award. We have been asked by the Washington Office to give this item serious consideration. If your office wishes to nominate a company, please complete the nomination form and forward it to Rudy Baier, W0-310, by January 29, 1998, with a copy to C0-934.

Should you have any questions regarding this matter, please contact Sherri Thompson at (303)239-3758.

Signed by  
Frank Salwerowicz  
Deputy State Director,  
Resource Services
