CATEGORICAL EXCLUSION

NUMBER: DOI-BLM-LLCON02000-2013-0034-CX

A. Background

CASEFILE/PROJECT NUMBER: COC-55891

PROJECT NAME: Union Telephone Company amendment for underground power

LEGAL DESCRIPTION: T. 1 N., R. 81 W., Section 35, 6th P.M.

APPLICANT: Union Telephone Company

DESCRIPTION OF PROPOSED ACTION: Union Telephone Company was issued a right-of-way (ROW) for a communication site on San Toy, February 27, 1995. A communication use lease was issued to Union Telephone Company on August 27, 1997 covering the same area as the ROW grant. Union Telephone Company has applied for an amendment to upgrade the underground power line to the communication site building. By upgrading the power, the site would have the capability to support emerging technologies such as 3G data and voice communication services to travelers, hunters, and residents in the area. The added capacity would enhance both the economic services and health and safety needs of the surrounding residents. The existing power route runs through an old equipment shelter and the size of the power line is inadequate to carry the additional ampacity required for the upgrade. Union is requesting a ROW for 165 feet long and 16 feet wide. Reconstruction of the new underground power line would take approximately three days. Materials would be transported along the existing access to the site with a 4wd pickup. The new upgraded power line would run along the old route which runs alongside the access road. The old line would be cut-off below ground and abandoned. The reconstruction would be done with a plow mounted on a D7 Caterpillar. The trench would be a minimum of 24" deep. The plow creates a 4" slot and slight upheaval of the ground and the wire is spooled off into the slot. The upheaval of earth subsides back into the slot as the plow travels along the trench. A second pass over the slot compacts the ground. No temporary work areas are required. This communication use lease expires February 26, 2020.

PLAN CONFORMANCE REVIEW: The Proposed Action is subject to and has been reviewed for conformance with (43 CFR 1610.5-3, BLM 1601.08) the following plan:

Name of Plan: the Kremmling Resource Management Plan (RMP), Record of Decision

Date Approved: December 19, 1984; Updated February 1999

Decision Number/Page: Page 12

Decision Language: Provide the opportunity to utilize public lands for development of facilities which benefit the public, while considering environmental and agency concerns.

CATEGORICAL EXCLUSION REVIEW: The Proposed Action qualifies as a categorical exclusion under 516 DM 11.9, E., (13): Amendments to existing rights-of-way, such as upgrading existing facilities, which entail no additional disturbances outside the right-of-way boundary.

The Proposed Action has been reviewed with the list of extraordinary circumstances (43 CFR 46.215) described in the table below.

Extraordinary Circumstance	YES	NO
a) Have significant adverse effects on public health and safety.		X
b) Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation, or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands; floodplains; national monuments; migratory birds; and other ecologically significant or critical areas.		X
c) Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources.		X
d) Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.		X
e) Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects.		X
f) Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.		X
g) Have significant impacts on properties listed, or eligible for listing, in the National Register of Historic Places as determined by either the bureau of office.		X
h) Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have adverse		X

Extraordinary Circumstance	YES	NO
effects on designated Critical Habitat for these species.		
i) Violate a Federal law, or a State, local or tribal law or requirement imposed for the protection of the environment.		X
j) Have a disproportionately high and adverse effect on low income or minority populations		X
k) Limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly affect the physical integrity of such sacred sites.		X
l) Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species.		X

INTERDISCIPLINARY REVIEW:

The Proposed Action was presented to, and reviewed by, the Kremmling Field Office interdisciplinary team on 7/18/2013. A complete list of resource specialists who participated in this review is available upon request from the Kremmling Field Office.

Name	Title	Resource	Date
Bill Wyatt	Archaeologist	Cultural Resources, Native American Tribal Consultation	8/23/2013
Megan McGuire	Wildlife Biologist	Special Status Plant/Wildlife Species	7/18/2013
Paula Belcher	Hydrologist	Soil, Air and Water	8/26/2013

REMARKS: None

MITIGATION: None

COMPLIANCE PLAN: On-going compliance inspections and monitoring would be conducted by the BLM Kremmling Field Office staff during and after construction. The operator would be notified of compliance related issues in writing, and depending on the nature of the issue(s), would be provided 30 days to resolve such issues.

NAME OF PREPARER: Annie Sperandio

NAME OF ENVIRONMENTAL COORDINATOR: Susan Cassel

COMPLIANCE WITH NEPA

The Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 11.9, E(13). This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The Proposed Action has been reviewed, and none of the extraordinary circumstances described in 43 CFR 46.215 apply.

DECISION RECORD

PROJECT NAME: Union Telephone Company amendment for underground power

CATEGORICAL EXCLUSION NUMBER: DOI-BLM-LLCON02000-2013-0034-CX

DECISION

It is my decision to implement the Proposed Action, DOI-BLM-LLCON02000-2013-0034-CX, authorizing the amendment of communication use lease, COC-55891, for upgrading the underground power line to the San Toy communication site building.

Mitigation Measures: None

COMPLIANCE WITH LAWS & CONFORMANCE WITH THE LAND USE PLAN

This decision is in compliance with the Federal Land Management and Policy Act, the Endangered Species Act, and the National Historic Preservation Act. It is also in conformance with the December 19, 1984; Updated February 1999 Kremmling Resource Management Plan (RMP).

PUBLIC INVOLVEMENT : The CX will be available for a formal 30-day public comment period when posted on the Kremmling Field Office's internet website.

RATIONALE

The Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 11.9, E(13). This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The Proposed Action has been reviewed, and none of the extraordinary circumstances described in 43 CFR 46.215 apply.

ADMINISTRATIVE REMEDIES

Administrative remedies may be available to those who believe they will be adversely affected by this decision. Appeals may be made to the Office of Hearings and Appeals, Office of the Secretary, U.S. Department of Interior, Board of Land Appeals (Board) in strict compliance with the regulations in 43 CFR Part 4. Notices of appeal must be filed in this office within 30 days after publication of this decision. If a notice of appeal does not include a statement of reasons, such statement must be filed with this office and the Board within 30 days after the notice of

appeal is filed. The notice of appeal and any statement of reasons, written arguments, or briefs must also be served upon the Regional Solicitor, Rocky Mountain Region, U.S. Department of Interior, 755 Parfet Street, Suite 151, Lakewood, CO 80215.

The effective date of this decision (and the date initiating the appeal period) will be the date this notice of decision is posted on BLM's Kremmling Field Office internet website.

STIPULATIONS
FOR
Union Telephone Company
COC-55891
Buried power line

1. The holder shall contact the authorized officer at least 5 days prior to the anticipated start of construction and/or any surface disturbing activities. The authorized officer may require and schedule a preconstruction conference with the holder prior to the holder's commencing construction and/or surface disturbing activities on the right-of-way.
2. The holder shall mulch disturbed areas designated by the authorized officer. The type of mulch shall meet one of the following requirements:
 - (a) Straw used for mulching shall be from oats, wheat, rye, or other approved grain crops, and free from noxious weeds or other objectionable material as determined by the authorized officer. Straw mulch shall be suitable for placing with mulch blower equipment.
 - (b) Hay shall be certified weed free. Hay shall be suitable for placing with mulch blower equipment.
 - (c) Wood cellulose fiber shall be natural or cooked wood cellulose fiber, shall disperse readily in water, and shall be nontoxic. The homogeneous slurry or mixture shall be capable of application with power spray equipment. A colored dye that is non-injurious to plant growth may be used when specified. Wood cellulose fiber shall be packaged in new, labeled containers.
3. All equipment shall be washed for unwanted plant material prior to any activities on BLM lands. If invasive, non-native species do become established or spread, it would be the responsibility of Mountain Parks Electric to notify the BLM of their location.
4. The holder shall seed all disturbed areas, using an agreed upon method suitable for the location. Seeding shall be repeated if a satisfactory stand is not obtained as determined by the authorizing officer upon evaluation after the second growing season. Seed mix should include salt tolerant plants.
5. The holder shall conduct all activities associated with the operation, and termination of the right-of-way within the authorized limits of the right-of-way.
6. Holder shall maintain the right-of-way in a safe, usable condition, as directed by the authorized officer.

7. No construction or routine maintenance activities shall be performed during periods when the soil is too wet to adequately support construction equipment. If such equipment creates ruts in excess of 4 inches deep, the soil shall be deemed too wet to adequately support construction equipment.
8. Use of pesticides shall comply with the applicable Federal and state laws. Pesticides shall be used only in accordance with their registered uses and within limitations imposed by the Secretary of the Interior. Prior to the use of pesticides, the holder shall obtain from the authorized officer written approval of a plan showing the type and quantity of material to be used, pest(s) to be controlled, method of application, location of storage and disposal of containers, and any other information deemed necessary by the authorized officer. Emergency use of pesticides shall be approved in writing by the authorized officer prior to such use.
9. The holder(s) shall comply with all applicable Federal laws and regulations existing or hereafter enacted or promulgated. In any event, the holder(s) shall comply with the Toxic Substances Control Act of 1976, as amended (15 U.S.C. 2601, et seq.) with regard to any toxic substances that are used, generated by or stored on the right-of-way or on facilities authorized under this right-of-way grant. (See 40 CFR, Part 702-799 and especially, provisions on polychlorinated biphenyls, 40 CFR 761.1-761.193.) Additionally, any release of toxic substances (leaks, spills, etc.) in excess of the reportable quantity established by 40 CFR, Part 117 shall be reported as required by the Comprehensive Environmental Response, Compensation and Liability Act of 1980, Section 102b. A copy of any report required or requested by any Federal agency or State government as a result of a reportable release or spill of any toxic substances shall be furnished to the authorized officer concurrent with the filing of the reports to the involved Federal agency or State government.
10. When activity in connection with the right-of-way breaks or destroys a natural barrier used for livestock control, the gap, thus opened, shall be fenced to prevent the drift of livestock. The subject natural barrier shall be identified by the authorized officer and fenced by the holder as per instruction of the authorized officer.
11. The holder is responsible for informing all persons in the area who are associated with this project that they will be subject to prosecution for disturbing historic or archaeological sites, or for collecting artifacts.
 - a. The holder shall immediately bring to the attention of the Authorized Officer any and all antiquities, or other objects of historic, paleontological, or scientific interest including but not limited to, historic or prehistoric ruins or artifacts DISCOVERED as a result of operations under this authorization (16 U.S.C. 470.-3, 36 CFR 800.112). The holder shall immediately suspend all activities in the area of the object and shall leave such discoveries intact until written approval to proceed is obtained from the Authorized Officer. Approval to proceed will be based upon evaluation of the object(s). Evaluation shall be by a

qualified professional selected by the Authorized Officer from a Federal agency insofar as practicable (BLM Manual 8142.06E). When not practicable, the holder shall bear the cost of the services of a non-Federal professional.

- b. Within five working days the Authorized Officer will inform the holder as to:
 - whether the materials appear eligible for the National Register of Historic Places;
 - the mitigation measures the holder will likely have to undertake before the site can be used (assuming in situ preservation is not necessary); and,
 - a timeframe for the Authorized Officer to complete an expedited review under 36 CFR 800.11 to confirm, through the State Historic Preservation Officer, that the findings of the Authorized Officer are correct and that mitigation is appropriate.
 - c. If the holder wishes, at any time, to relocate activities to avoid the expense of mitigation and/or the delays associated with this process, the Authorized Officer will assume responsibility for whatever recordation and stabilization of the exposed materials may be required.
 - d. Otherwise, the holder will be responsible for mitigation costs. The Authorized Officer will provide technical and procedural guidelines for the conduct of mitigation. Upon verification from the Authorized Officer that the required mitigation has been completed, the holder will then be allowed to resume construction.
 - e. Antiquities, historic, prehistoric ruins, paleontological or objects of scientific interest that are outside of the authorization boundaries but directly associated with the impacted resource will also be included in this evaluation and/or mitigation.
 - f. Antiquities, historic, prehistoric ruins, paleontological or objects of scientific interest, identified or unidentified, that are outside of the authorization and not associated with the resource within the authorization will also be protected. Impacts that occur to such resources, that are related to the authorizations activities, will be mitigated at the holder's cost.
12. Pursuant to 43 CFR 10.4(g), the holder of this authorization must notify the authorized officer, by telephone, with written confirmation, immediately upon the discovery of human remains, funerary items, sacred objects, or objects of cultural patrimony. Further, pursuant to 43 CFR 10.4 (c) and (d), you must stop activities in the vicinity of the discovery and protect it for 30 days or until notified to proceed by the authorized officer.
13. If paleontological materials (fossils) are discovered during right-of-way activities, the operator is to immediately stop activities that might further disturb such materials and

contact the authorized officer. The operator and the authorized officer will consult and determine the best option for avoiding or mitigating the paleontological site.

14. Prior to termination of the right-of-way, the holder shall contact the authorized officer to arrange a joint inspection of the right-of-way. This inspection will be held to agree to an acceptable termination and rehabilitation plan. This plan shall include, but is not limited to, removal of facilities, drainage structures, or surface material, re-contouring, top-soiling, or seeding. The authorized officer must approve the plan in writing prior to the holder's commencement of any termination activities.

SUGGESTED SEED MIX* FOR RECLAMATION

Western Wheatgrass	Pascopyrum smithii	6.0 lbs PLS**/acre
Bluebunch Wheatgrass	Pseudoroegneria spicata	6.0 lbs PLS/acre
Slender Wheatgrass	Elymus trachycaulus ssp: trachycaulus	6.0 lbs PLS/acre
Canby bluegrass	Poa canbyii	2.0lbs PLS/acre
Indian ricegrass	Achnatherum hymenoides	<u>4.0 lbs PLS/acre</u>
	TOTAL	24.0 lbs PLS/acre

Seeding rates are for broadcast seeding. If drilled, seeding rates may be halved.

*All seed must be certified weed free

**PLS = pure live seed
