PROJECT NAME: Big Game Hunting Special Recreation Permits for North Park Fishing Club LLC and In Range Outfitters.

LEGAL DESCRIPTION:

T7N, 85W- R96W  
T6N, 83W- R96W  
T5N, 83W- R96W  
T4N, 83W- R96W  
T3N, 83W- R96W

APPLICANT: North Park Fishing Club, LLC/Patrick Stefanek and In Range Outfitters, LLC/Joey Salazar.

DESCRIPTION OF PROPOSED ACTION: The proposed action is to issue big game hunting guide and outfitting Special Recreation Permits (SRPs) to North Park Fishing Club LLC., and In Range Outfitters LLC., who both applied for an SRP for day use only, with no camping on public lands. These permits would provide big game guiding and outfitting on public lands throughout the big game hunting seasons as defined by the Colorado Parks and Wildlife. The applicants are requesting the use of BLM lands that lie within the identified Game Management Units (GMUs). Both permits are anticipating the use of privately owned lands within the GMUs as their primary hunting areas.

North Park Fishing Club LLC. is applying for a big game hunting SRP in GMU 13; In Range Outfitters LLC. is applying for a big game hunting SRP for GUM 12 and 13.

These permits would allow both foot and vehicle use. Travel is restricted to existing or designated routes only. The typical annual use per outfitter is 25 clients or 150 user days. All operations would be in compliance with the Special Recreation Permit Terms, Conditions and Stipulations (see Attachment 1).

**LAND USE PLAN (LUP) CONFORMANCE REVIEW:** The proposed action was reviewed for conformance (43 CFR 1610.5, BLM 1617.3) with the following plan:

Name of Plan: Little Snake Record of Decision and Resource Management Plan

Date Approved: October 2011

Results: The Proposed Action is in conformance with the LUP because it is specifically provided for in the following LUP goals, objectives, and management decisions:

Provide a diversity of recreational opportunities, activities, and experiences for various user groups, unorganized visitors and affected communities, their residences, economies, and the environment. Objectives for achieving this goal include:

- Manage for special recreation permit services.
- Provide legal public access opportunities for recreational uses.

Section/Page: Section 2.15 Recreation/ page RMP-50

**CATEGORICAL EXCLUSION REVIEW:** The Proposed Action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 43 CFR Part 46.210 and qualifies as a categorical exclusion under 516 DM 11.9H (1).

Issuance of Special Recreation Permits for day use or overnight use up to 14 consecutive nights; that impacts no more than 3 staging area acres; and/or for recreational travel along roads, trails, or in areas authorized in a land use plan. This CX cannot be used for commercial boating permits along Wild and Scenic Rivers. This CX cannot be used for the establishment or issuance of Special Recreation Permits for “Special Area” management (43 CFR 2932.5).

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 43 CFR Part 46.215 applies:

CULTURAL RESOURCES:

The issuance of a Special Recreation Permit is considered an undertaking subject to compliance with Section 106 of the National Historic Preservation Act (NHPA). BLM has the legal responsibility to consider the effects of its actions on cultural resources located on federal land. BLM Manual 8100 Series; the Colorado State Protocol; and BLM Colorado Handbook of Guidelines and Procedures for Identification, Evaluation, and Mitigation of Cultural Resources provide guidance on Section 106 compliance requirements to meet appropriate cultural resource standards. In Colorado, BLM's NHPA obligations are carried out under a Programmatic Agreement (PA) between BLM, the Advisory Council on Historic Preservation, and the State Historic Preservation Officer (SHPO). Should an undertaking be determined to have “no effect” or “no adverse effect” by the BLM Little Snake Field Office archaeologist, the undertaking may proceed under the terms and conditions of the PA. If the undertaking is determined to have “adverse effects,” project-specific consultation is then initiated with the SHPO.

Specific permitted use-areas have likely not been subject to a Class III cultural resource inventories, however, many of the permitted activities do not present potential impacts to cultural resources (no ground disturbance) and, therefore, do not require formal assessment. Activities to be authorized under the Wyoming Hunting Outfitters Special Recreation Permit (the Proposed Action) pose *no potential to affect historic properties* within the permit area. Therefore, the Proposed Action does not constitute an undertaking subject to further evaluation and/or

compliance with Section 106 of the NHPA, and no additional cultural resource assessments or consultations are required.
