

Open to Geothermal Leasing Subject to No Surface Occupancy

0 5 10
Miles
No warranty is made by the BLM for the use of the data for purposes not intended by the BLM.

A No Surface Occupancy stipulation prohibits occupancy or disturbance on all or part of the lease surface to protect values or uses. Lessees may exploit the fluid mineral resources under the leases restricted by this constraint through use of directional drilling from sites outside of the No Surface Occupancy area. All leasing allocations are on BLM land or Federal Mineral Estate.
