

2016 BLM Colorado Prescribed Fire and Fuels Treatment Projects

BLM Office	Project Name	Location	Hunting Unit	Size (acres)	Vegetation	Objectives	Tentative Timeframe	Completed
Colorado River Valley FO	Sheep Gulch	North of Gypsum	32	170	PJ/Gage	Fuels Reduction/Wildlife Habitat Improvement	9/1-10/30	
Colorado River Valley FO	Roan	Roan Plateau	35	150	Aspen	Fuels Reduction/Wildlife Habitat Improvement	9/1-10/30	
Kremmling Field Office	Dry Gulch	10 miles South of Kremmling on the trough Road	37	450	Pinion Juniper	Reduce fuel loading, and increase grasses and forbs	March 17 through November 17 - 2016	
Kremmling Field Office	Fisher Draw	6 miles west of Cowdrey CO	161	800	Lodgepole Pine, Aspen	Reduce fuel loading, and increase grasses and forbs	March 17 through November 17 - 2016	
Little Snake Field Office	Teepee	27 miles west of Maybell	2	400	sagebrush/grass	Remove sagebrush cover in order to more effectively spray weed herbicide. Improve big game habitat and reduce wildfire threat	April 1-May 1, Oct. 12-November 1	
Little Snake Field Office	Seven Springs	37 miles west of Maybell	2	480	Ponderosa pine/PJ/Mountain Shrub	Reduce threat of stand replacement fire and improve forest health.	April 1-May 15, Oct. 12-November 1	
White River Field Office	Dry Gulch	23 miles Southwest of Meeker	22	275	Big Basin Sage Brush	Reduce impacts and risks of unplanned wildland fire to life, property, and other natural resources and to enhance ecosystems	Late March through early May 14.	
Uncompaghre Field Office	Cushman Rx	11 miles west northwest of Montrose	62	264	Ponderosa Pine, Gambel oak, Pinyon Juniper, some masticated fuels	Reduce fuel loading, Raise Canopy Base Height, reduce masticated fuels, Seed bed preparation	May-June Sept until snowed out 2016	
Uncompaghre Field Office	Simms Mesa Rx	12 miles south of Montrose	62	576	Masticated Pinyon Juniper, Shrub and Oakbrush	Reduce masticated fuels maintain in an early seral state	April-end of may, Sept until snowed out 2016	
Royal Gorge Field Office	Trail Gulch Broadcast Burning	15 miles north of Canon City	581	150	Piñon, Juniper, Ponderosa Pine, Gambel oak, activity slash	Maintain previous mechanical treatment, Reduce fuel loading, reduce decadent grass,	Mid-September-Mid-November	
Royal Gorge Field Office	er Haven Broadcast Burr	15 miles northwest of Canon City	581	100	Piñon, Juniper, Ponderosa Pine, Gambel oak	Reduce fuel loading, reduce decadent grass, reduce regeneration in the Pondo	Mid-September-Mid-November	
San Luis Valley	Greenie Mountain	15 Miles southwest of Monte Vista	80	150	Piñon , Juniper	big game habitat improvement	September-October	
San Luis Valley	Blanca Wetlands	10 miles northeast of Alamosa	82	140	wetland vegetation	waterfowl habitat improvement	February-March	X
Colorado River Valley FO	West Divide	13 Miles North of New Castle	33	1800	Gambel oak	reduce fuel loading, and big game habitat	March - May	
Colorado River Valley FO	Sheep Gulch	5 miles north of Gypsum	32	170	Gambel oak, Piñon Juniper	reduce fuel loading, and big game habitat	March-May	
Grand Junction FO	Battlements	4 miles NE of Colbran	421	650	Gambel oak, Piñon Juniper	reduce fuel loading, and big game habitat	March-May	
Grand Junction FO	Parker Basin	8 miles SW of Colbran	421	46	Gambel oak, Piñon Juniper	reduce fuel loading, and big game habitat	March-May	
Grand Junction FO	Nick Mt.	9 miles SW of Colbran	421	200	Gambel oak, Piñon Juniper	reduce fuel loading, and big game habitat	March-May	
Tres Rios Field Office	Rabbit Mountain unit 2	4 miles northwest of Bayfield	75	276	Ponderosa pine/PJ/Mountain Shrub	Maintain previous mechanical investments, return FRCC to historical values, reduce surface fuel loading	August 1-November 15	
Tres Rios Field Office	Rabbit Mountain unit 1	5 miles northwest of Bayfield	75	207	Ponderosa pine/PJ/Mountain Shrub	Maintain previous mechanical investments, return FRCC to historical values, reduce surface fuel loading	August 1-November 15
