

BLM Resource Advisory Councils

Partners Across The West

Aug 20, 2009

Dear Ms. Wisely:

On behalf of the Colorado Northwest Resource Advisory Council (NWRAC), we want to thank you for your dedication to Colorado's public lands, and especially for your support of the Resource Advisory Councils in Colorado.

Your leadership in Colorado clearly demonstrated your commitment to ensuring all viewpoints were considered in public land management decisions. That's the very spirit in which the Resource Advisory Councils were formed and continue to function.

We will miss working with you on these complex issues and wish you the best of luck in retirement.

Sincerely,

T. Wright Dickinson, Chair NWRAC

Patrick Kennedy, Vice Chair NWRAC
