July 23, 2010

Mr. Scott Hutcheson
State Historic Preservation Officer
Louisiana Office of Cultural Development
P.O. Box 44247
Baton Rouge, LA 70804-44247

Dear Mr. Hutcheson:

The Bureau of Land Management (BLM) has received an Expression of Interest (EOI 841) to lease federal minerals under privately owned surface, i.e. split-estate minerals. Development locations have not been determined on a site-specific basis. Proposed development locations have not been determined on a site-specific basis. Specific locations proposed for development are determined by the developer and surface owners, BLM's surface responsibilities rest only within the boundaries of any proposed development. The Bureau's Reasonably Foreseeable Development Scenario for this proposed lease is 2 wells from 1 pad to be constructed with no more than 5.91 acres total, access road and pads, to be disturbed. The legal locations of the approximately 80 acres of federal mineral tracts are as follows (map enclosed):

Louisiana Meridian

Bossier Parish (Koran and Bossier Point Quadrangles)
T. 16 N., R. 10 W., Sec. 18, SW1/2SW1/4; (80 acres).

A review of the Louisiana Division of Archaeology site files shows two sites within one mile of the proposed lease sale. Based on information contained in the Louisiana SHPO site files their eligibility for listing on the National Register of Historic Places has not been determined, although these sites will not be affected by this proposed action.

The lease document will state that before the BLM approves any development proposal, a cultural resources survey that meets current professional standards and a report that meets

WILD HORSES & BURROS • CADASTRAL SURVEY • GENERAL LAND OFFICE RECORDS • MINERALS • RENEWABLE RESOURCES

Louisiana Division of Archaeology requirements will be required on a site-specific basis. The report must be approved by both the Louisiana Division of Archaeology and the BLM before any ground disturbing activities take place. Any needed consultation will be concluded before ground-disturbing activities begin.

Your concurrence of these procedures for Section 106 compliance is requested in 30 days. If you have any questions or concerns, please contact John M. Sullivan, Archeologist, at (601) 977-5439 or email at John_M_Sullivan@BLM.Gov.

Appendix D

Reasonably Foreseeable Development Scenario

REASONABLY FORESEEABLE DEVELOPMENT SCENARIO

Case File Number: EOI 817

Project Number: DOI-BLM-ES-0020-2009-0071-EA

Acres: 79.48

Location: LA, Bossier Parish, Louisiana Meridian, T15N, R11W, Sec. 2, NWNE, Lots 6 and 8

I. Reasonably Foreseeable Development

A. RFD Baseline Scenario Assumptions and Discussion

Objective horizon is Haynesville Shale. Mineral commodity is natural gas.

Federal acreage will be incorporated into a state determined drilling unit. Drilling and production units are 640 acres. Project 2 horizontal wells drilled from 1 pad.

A 30' wide well access road will be constructed consisting of a 16' wide travel surface with a 7' buffer on each side.

If productive, multiple wells may be drilled from the existing pad.

If productive, oil and gas handling and production facilities will be constructed on the existing pad.

If productive, the reserve pit and part of the drill pad will be reclaimed when drilling and completion activities are concluded.

All disturbed acreage will be reclaimed if the well is non-productive.

B. Surface Disturbance Due to Oil and Gas Activity

Access Road: 0 – Use existing well road

Well Pad & Pit: 5.74 acres (500'X500')

Utility and/or Pipeline R.O.W: 0 – Use existing ROW's

Initial Disturbance: 5.74 acres

Partial Reclamation of Drill Site: 0.34 acres

Net Disturbance for Productive Well: 5.4 acres

REASONABLY FORESEEABLE DEVELOPMENT SCENARIO

Case File Number: EOI 841

Project Number: DOI-BLM-ES-0020-2010-0014-EA

Acres: 80

Location: LA, Bossier Parish, Louisiana Meridian, T16N, R10W, Sec. 18, S2SW

APPENDIX E

Public Notice

The Times

PROOF OF PUBLICATION

LEGAL NOTICE THE SHREVEPORT TIMES

The Bureau of Land Management, Jackson Field Office will prepare an environmental assessment document to consider leasing federally owned mineral estate for oil and gas exploration and development.

The locations of the tracts are as follows:

DeSoto Parish, Louisiana, Louisiana Meridian, T15N, R11W, Sec. 2, NWNE, Lots 6 and 8 (79.48 acres) (EOI #817), T16N, R10W, Sec. 18, S2SW (80 acres) (EOI #841), and T17N, R12W, Sec. 29, Part of NE (11.59 acres) (EOI #856), Louisiana Meridian, Bossier Parish, Louisiana.

The analysis will be prepared by an interdisciplinary team. An issue to be addressed by the team is to identify environmental impacts, and what restrictions may be necessary to avoid or mitigate identified impacts. The public is invited to participate by submitting comments on environmental issues with land use or by submitting other issues for consideration with the land use. Comments will be accepted through September 13, 2010. Send comments to Bureau of Land Management, Jackson Field Office, 411 Briarwood Drive, Suite 404, Jackson, MS 39206.

For further information contact John Dykes with the Jackson Field Office at (601) 977-5400.

Field Manager

DECISION RECORD

It is my decision to authorize the offer to lease for Oil and Gas the proposed tracts located in Desoto Parish, Louisiana Meridian, Louisiana with legal descriptions: T15N, R11W, Sec. 2, NWNE, Lots 6 and 8 (79.48 acres) (EOI #817), T16N, R10W, Sec. 18, S2SW (80 acres) (EOI #841), and T17N, R12W, Sec. 29, Part of NE (11.59 acres) (EOI #856), Louisiana Meridian, Bossier Parish, Louisiana.

Rationale for Decision

The decision to allow the proposed action does not result in any undue or unnecessary environmental degradation and is consistent with the laws and regulations of the Federal, State, or local government. The proposed action was subject to a 30-day public review.

DSD, Natural Resources

Date
