2. You must check the reason(s) for filing a Notice of Intent to Hold.

If you file a small miner's waiver on a claim **located** before Sept 1 (whether the claim is recorded before or after Sept 1) you must file a notice of intent to hold or an affidavit of assessment by Dec 30 of the current year.

A notice of intent to hold can be filed for the first assessment year because assessment work is not required for the assessment year in which the claim is located. An affidavit of assessment is **required** for each following assessment year for lode and placer claims that are under waiver.

Processing fees must be paid at the time of filing or the document will be returned unprocessed.
